A: You can order custom hats by either providing your own design or commissioning a custom logo. Refer to the How to Order section for more details.

Extraordinary custom hats for your company, school, or organization.

Fairfax, California

## OUR STORY

In summer 2018, Marin County artist Tommy Breeze needed a new hat. Unable to find the perfect design, he decided to create one of his own. Soon, Tommy was hand-stitching his signature Cypress patch onto dozens of hats for his friends, family, and local stores.

One year and a thousand hats later, he bought his first sewing machine. In 2020, the company and its mission grew, with a studio, a talented team of colleagues, and several new designs.

- Today, Tommy Breeze hats are sold at over 40 stores in seven states, and Tommy still has a hand in everything we produce.
- Starting with his iconic artwork, each patch is expertly stitched onto its hat by our team of sewists. And each week, Tommy still spends hours sewing on his trusted machines.
- We strive to always produce the highest quality experience: from the patches and hats themselves, to the highly personalized ordering process you'll find at Studio Breeze.
- Community is also central to our ethos. We offer discounts to local schools and causes. And we love producing events; bringing people together to experience art, music, and inspiration.
- We hope our products bring as much joy to you and your families, companies, and communities as our role in creating them brings us.

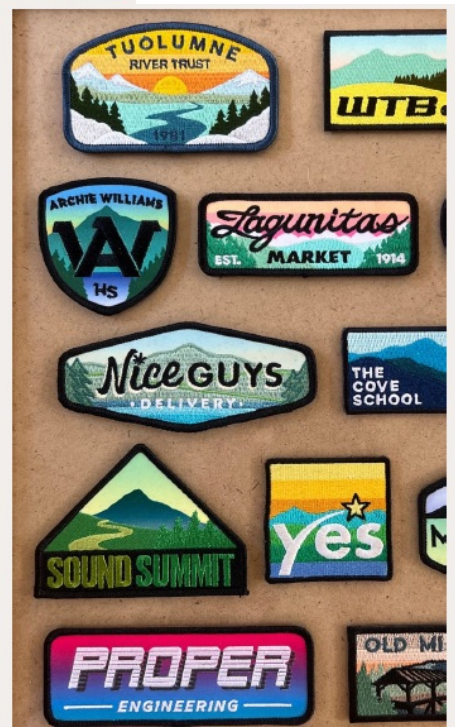

## GALLERY

Whether you start with your own design or commission a custom logo, the perfect patch awaits. We use a variety of printing and embroidering techniques to optimize vibrancy, detail, and legibility.
