FAQs

- **Q: What are the available finishes for the K Frame?**
 - **A:** The K Frame is available in a matte black finish in various sizes.
- **Q: Can the K Frame be used with both Siena K 24 and 27 sizes?**
 - **A:** Yes, the K Frame is designed to be compatible with both Siena K 24 and 27 sizes for versatile installation options.
- **Q: How does the acoustic core in the frame contribute to sound absorption?**
 - **A:** The acoustic core in the frame enhances mid-low frequency absorption, creating an exceptional broadband acoustic absorber for improved sound quality.

PRODUCT INFORMATION

- Designed to boost performance and streamline installation, K Frame is an accessory for Siena K Absorber.
- This Modular frame greatly speeds up the installation process, with a simple clip-in joinery system, that provides a stable base to screw Siena K.
- The frame also comes with an additional acoustic core that boosts mid-low frequency absorption to create an exceptional broadband acoustic absorber.
- Designed for both Siena K 24 and 27 sizes, K frame also comes in two different widths, for single or double panel installation. Available in a matte black finish.
