Topwise SK210 Android Smart Mini Kiosk

Product Specifications

- **Model:** SK210
- **Operating System:** Android 13
- **CPU:** Octa-core 2.0GHz
- **Memory:** Varies depending on the model
- **Display:** 10.1-inch screen
- **Printer:** High-speed printer included
- **Communication:** Multiple methods supported
- **Expandability:** Multiple USB ports available

Product Usage Instructions

Installation and Setup

1. Unbox the SK210 device carefully.
2. Connect the power adapter to the device and plug it into a power source.
3. Power on the device and follow the on-screen instructions for initial setup.
4. Configure the communication methods as needed for your business.

Hardware Features

- The device comes with a barcode scanner for easy product scanning.
- Utilize the high-speed printer for printing receipts or reports.
- Take advantage of the multiple USB ports for connecting additional devices or peripherals.

Software Capabilities

- The SK210 has advanced hardware, software, and system R&D capabilities for efficient operation.
- Enjoy reliable performance and security features while using the device for payment transactions.

Company Profile

- Founded in 2005, Topwise is among the top China mobile phone designer houses and manufacturers, delivering over 500 million mobile phones and tablets globally.
- In 2016, Topwise obtained qualification certificates on payment equipment R&D and production enterprise from China Union Pay and the Central Bank, to position Topwise as a Fintech company.
- Topwise has the technological capabilities for hardware, software, and system R&D, as well as excellent production, technical support, and after-sales service for delivering Fintech POS solutions.
- Over the years, Topwise has shipped tens of millions of payment terminals to Asia Pacific, Latin America, and Africa. Many emerging e-wallet service providers are deploying Topwise payment terminals.
- Topwise is now emerging as one of the fastest-growing and strongest payment solution providers in the world.

Corporate Culture

Who We Are
We are innovators! We are fighters

Our Concept
Deliver reliable payment terminals coupled with comprehensive services.

Our Vision
Make e-payment more convenient, secure, and ubiquitous globally.

Our Position
Focus on targeted acquiring requirements to deliver powerful payment solutions.

- Android 13, with Octa-core 2.0GHz CPU
- 10.1″ screen, barcode scanner, high-speed printer
- Multiple communication methods
- Easy to install and deploy
- Multiple USB ports for expandability

Specification

Operating System	Android 13
CPU	Octa-core 64bit Cortex A53 2.0 GHz
Memory	2GB LPDDR4x + 32GB Flash 3GB + 32GB / 4GB + 64 GB (optional)
Display	10.1 inch resolution 800x1280 HD TFT capacitive touch screen
Printer	Print Speed: 100mm/s | Paper Roll: 58x60mm
Camera	5 MP AF Front Camera
Physical Key	Power × 1
Barcode Scanner	Professional 1D + 2D with high performance
Indicator LEDs	Printer Indicator LED × 1 | Scan Indicator LED × 1
Mobile Network	4G: LTE | 3G: WCDMA | 2G: GPRS/GSM
Ethernet	100M
Wireless	Wi-Fi 2.4GHz / 5GHz | Bluetooth 5.0 (BLE)
Card Reader	NFC Contactless (optional)
Card Slots	TF Card × 1 | Nano SIM × 1 (eSIM optional)
Audio	Speaker × 1 | MIC ×1
Positioning	GPS + GLONASS + BEIDOU
Port	2 × USB 2.0 Type-A | 1 × USB 2.0 Type-C | 1 × RJ45 | 1 × DC Jack | 1 × Audio Jack
Power Adapter	Output: 12V / 3A
Physical	429x190x80.4mm | 1520g
Environment	Operating temperature: -10°C to +55°C Storage temperature: -20°C to +70°C Relative humidity: 5% to 95% (non-condensing)
Certifications	Google GMS | RoHS | CE | Aviation Certification | Anatel
