TOSY 12 LEDs Flying Ring

Launch Date: October 28, 2023.

Price: \$19.99

Introduction

This is the TOSY 12 LED Flying Ring, a cool and fun flying toy that will keep kids and adults entertained for hours. It shines in many colors thanks to its bright LED lights, which makes it look fascinating, especially in dark places. High-quality, bendable materials were used to make the ring, which makes it strong but not heavy. It lets players connect with the flying experience by making it easy to throw and catch the ring. This makes it great for outdoor games or friendly competitions. The TOSY Flying Ring is safe and fun to play with because it has a soft ring, a waterproof feature, and a battery that can be charged. This bright ring is fun for people of all ages, whether they are inside or outside.

- **Item Dimensions (L x W x H):** 9.45 x 9.45 x 0.63 inches
- **Brand Name:** TOSY
- **Model Name:** 12 LEDs
- **Color:** Blue
- **Manufacturer:** ROBOFI LLC
- **Part Number:** P.1.FRING.L.B

Package Includes

- 1 x TOSY 12 LEDs Flying Ring
- 1 x USB Charging Cable
- 1 x User Manual

Features

1. **Bright LED Lights:** The TOSY 12 LED Flying Ring has 12 bright LED lights built into it that give it different colors of light. These lights make the trip interesting, especially when there isn't much light or when it's dark. You can play with the flying ring at night or in a poorly lit area because it has bright lights that make it stand out.
2. **Safe and Durable:** The TOSY Flying Ring is made of high-quality, bendable materials that make it strong and light. The ring is safe for kids to play with because it is well-made and doesn't have any sharp sides. The soft rim makes it more comfortable to play, so people of all ages, even kids, can enjoy it.
3. **Flight with Friends:** This flying ring is very simple to control, so it's great for playing games with friends or learning tricks by yourself. The structure is very light, so it's easy to throw and the ball will fly straight. There are hours of busy fun, whether you throw it around with friends or work on your skills.
4. **Rechargeable Battery:** The lithium-ion battery that's built-in lets you play for a long time. It takes about 30 to 40 minutes to fully charge, and you can fly it for up to 15 minutes at a time. Additionally, the battery is made to last for several uses and is simple to refresh for more play.

5. **Small and Lightweight:** The TOSY Flying Ring is small, light, and simple to take. It's easy to store and take with you because it's small, whether you're going to the beach, a park, or a camping trip. It's a great toy for trips outside and is easy to pack for trips.
6. **12 Ultra-Bright LEDs:** This is the only spinning ring in the world with 12 bright LEDs that light up automatically when you throw it. The LED lights not only make the flying ring noticeable at night, but they also give it a glowing look that makes the game more fun and exciting.
7. **Auto-Light Up and Flies Straight:** The TOSY Flying Ring is well-balanced and light, so it can fly straight and rise up to 100 feet. The lights turn on and off by themselves as you throw it, which saves battery life. It has a glow-in-the-dark phosphorescent edge that helps you find it after each throw.
8. **Soft Rim and Safe Play:** The ring's soft rim makes it safe and easy to catch and throw, so you won't feel any pain or discomfort while you play. Playing inside or outside is safe, so it's great for both kids and adults. It's made to keep you from getting hurt, whether you're throwing it around inside or outside.
9. **Waterproof & Floatable:** This flying ring is waterproof and can float, making it an ideal toy for beach, pool, park, or backyard activities. It works great for outdoor events and parties where you want to make things more fun. Of course, you shouldn't use it with pets like dogs.
10. **Ideal Present:** The TOSY 12 LED Flying Ring makes a wonderful present for Christmas, Easter, parties, or any other special event. This toy is fun, different, and well-made. Both kids and adults will enjoy it for a long time. If you need a gift for a birthday or a stocking stuffer, this spinning ring is a great choice.

Usage

- **Outdoor Play:** The TOSY 12 LEDs Flying Ring is perfect for outdoor activities such as playing in the park, beach, or backyard. Its bright LED lights make it fun for both day and night activities.
- **Indoor Fun:** It can also be used inside, especially in large, open spaces. The flying ring can be thrown and caught, making it ideal for indoor games and exercises.
- **Party Entertainment:** Its colorful lights make it an exciting addition to parties, especially for evening or night-time events. You can use the flying ring to entertain guests or create fun games.
- **Exercise:** The Flying Ring can help improve hand-eye coordination and encourage physical activity, making it a fun way to stay active.

Care and Maintenance

1. **Cleaning:** Wipe the flying ring with a clean, damp cloth to remove dust or dirt. Avoid using harsh chemicals or abrasive materials that could damage the surface.
2. **Charging:** Always use the provided USB charging cable to recharge the flying ring. Avoid overcharging or using incompatible chargers to preserve battery life.
3. **Storage:** When not in use, store the flying ring in a cool, dry place. Keep it away from direct sunlight to protect the LED lights and battery.
4. **Battery Care:** Ensure the flying ring is turned off before charging. If you won't be using it for an extended period, store the flying ring with a partially charged battery (around 50% charge).

Troubleshooting

Flying Ring Not Lighting Up:

- **Solution:** Check if the battery is fully charged. If not, recharge using the USB cable. Ensure the power button is turned on.

Short Battery Life:

- **Solution:** If the flying ring’s battery is not lasting as long as expected, try fully discharging and then recharging the battery. This can help improve battery performance. Avoid overcharging.

Flying Ring Not Flying Properly:

- **Solution:** Ensure the ring is thrown in an open area free from obstructions. Try adjusting your throw for better flight control. If the problem persists, inspect the ring for any damage.

LED Lights Flickering or Not Working:

- **Solution:** Check the battery charge, as low power can cause LED flickering. If fully charged and the issue persists, check for any loose connections or contact the manufacturer.

Charging Issues:

- **Solution:** If the flying ring is not charging, ensure the USB cable is securely connected to both the flying ring and a working power source. Test with a different charging cable or power adapter if necessary.

Pros and Cons

Pros	Cons
Bright LEDs enhance nighttime visibility	May not be suitable for aggressive play
Soft rim ensures safety during catch	Battery life may vary with usage
Waterproof design allows versatile play	Not recommended for use with dogs
