Abris Control Panel

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazard involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision. Do not attempt to repair this product yourself, as opening or removing covers may expose you to dangerous voltage points or other risks. Do not submerge into water. Indoor use only.

Features

- 5 push buttons
- 2 rotary encoders with push function

Installation

1. Plug in the included USB cable to the unit then connect it to your computer via an USB port.
2. Windows will automatically detect the unit as TC Abris and install all necessary drivers.
3. Click Start/Settings/Devices. TC Abris should appear in the list.
4. Control the button light levels by holding the option buttons (1) and (3) simultaneously. Then use right rotary to adjust light intensity..
5. Layout of the devices can be found on page 2 in this user manual.

Troubleshooting

If some buttons are not operational on the button box, disconnect the device from your computer and re-connect it again.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) This device may not cause harmful interference, and
 - (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Information on Disposal for Users of WEEE

The crossed-out wheeled bin and / or accompanying documents means that used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product to designated collection points where it will be accepted free of charge.

Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling.

Please contact your local authority for further details of your nearest designated collection point.

Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.

For disposal in countries outside of the European Union

This symbol is only valid in the European Union (EU). If you wish to discard this product please contact your local authorities or dealer and ask for the correct method of disposal.
