A3002RU Change the WIFI password setting

It is suitable for: **N100RE, N150RH, N150RT, N151RT, N200RE, N210RE, N300RT, N301RT , N300RH, N302R Plus, A702R, A850R, A3002RU**

Application introduction: Solution about how to change the wireless name and password on the TOTOLINK products

STEP-1:

Connect your computer to the router by cable or wireless, then login the router by entering `http://192.168.0.1` into the address bar of your browser.

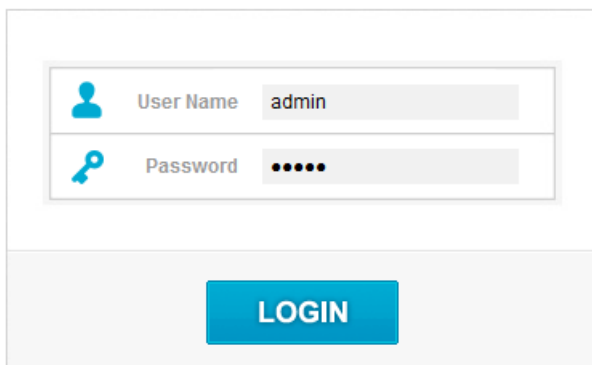

Note: The default access address varies depending on the actual situation. Please find it on the bottom label of the product.

STEP-2:

User Name and Password are required, by default both are **admin** in lowercase letter. Click **LOGIN**.

USER LOGIN

[Forget Password?](#)

A user login form with a light gray background. At the top right, there is a link "Forget Password?". The form contains two input fields: "User Name" with the value "admin" and "Password" with masked characters "•••••". Below the fields is a blue "LOGIN" button.

STEP-3: Modify in Easy Setup page

The Easy Setup page will turn up for basic and quick setting Input your own **Wireless Network Name** and **Password**, then Click **Apply**.
