## How to change the SSID of N100RE & N200RE?

It is suitable for: **N100RE, N150RT, N200RE, N210RE, N300RT, N302R Plus, A3002RU**

Take **N200RE-V3** as an example.

### STEP-1:

Connect your computer to the router by cable or wireless, then login the router by entering `http://192.168.0.1` into the address bar of your browser.

Note: The default access address varies depending on the actual situation. Please find it on the bottom label of the product.

### STEP-2:

User Name and Password are required, by default both are **admin** in lowercase letter. Click **LOGIN**.

### STEP-3:

First, the **Easy Setup** page will turn up for basic and quick settings, click **Advanced Setup**.

### STEP-4:

Click **Wireless > Basic Settings** on the left navigation bar.

#### STEP-5:

**Enable** Wireless function. Then input the new SSID, set a password for it and click **Apply**.
