How to Configure Router's Easy Setup?

It is suitable for: **N100RE, N150RH, N150RT, N151RT, N200RE, N210RE, N300RT, N300RH, N300RU, N301RT, N302R Plus, N600R, A702R, A850R, A800R, A810R, A3002RU, A3100R, T10, A950RG, A3000RU**

Take **N200RE-V3** as an example.

STEP-1:

Connect your computer to the router by cable or wireless, then login the router by entering `http://192.168.0.1` into the address bar of your browser.

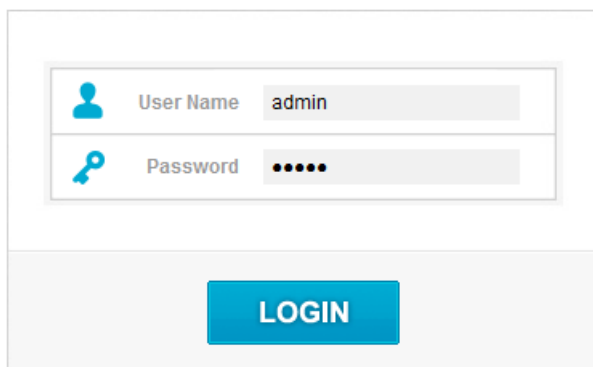

Note: The default access address varies depending on the actual situation. Please find it on the bottom label of the product.

STEP-2:

User Name and Password are required, by default both are **admin** in lowercase letter. Click **LOGIN**.

USER LOGIN

[Forget Password?](#)

A user login form with a light gray background. At the top right is a link 'Forget Password?'. Below it is a white box containing two input fields. The first field is labeled 'User Name' with a person icon and contains the text 'admin'. The second field is labeled 'Password' with a key icon and contains five dots. Below these fields is a blue button with the text 'LOGIN' in white.

STEP-3:

First, the **Easy Setup** page will turn up for basic and quick settings, **including Internet Setting** and **Wireless Setting**.

The screenshot shows the 'Easy Setup' page with four sections: 'Connect Status', 'Internet Setting', 'Wireless Setting', and 'IPTV Settings'. The 'Connect Status' section shows 'Getting IP from DHCP Server...'. The 'Internet Setting' section has 'WAN Type' set to 'DHCP Client'. The 'Wireless Setting' section has 'SSID' set to 'TOTOLINK_N200RE' and an empty 'Pre-Shared Key' field with a note '(length range is 8-63)'. The 'IPTV Settings' section has 'IPTV' set to 'Disable'. At the bottom are 'Apply' and 'Refresh' buttons.

Wireless Setting

SSID TOTOLINK_N200RE

Pre-Shared Key (length range is 8-63)

IPTV Settings

IPTV Disable ▼

Apply Refresh

STEP-4:

Choose the **WAN Access Type**, enter **User Name**, **Password** provided by your ISP. Set an encryption method and password for your WiFi network. Click **Apply** to make the settings work.

This screenshot is identical to the previous one but includes red annotations for Step 4. A red box labeled '1' encloses the 'Internet Setting' section, highlighting the 'WAN Type' dropdown (set to 'PPPoE'), 'User Name', 'Password', and 'Confirmed Password' fields. A red box labeled '2' encloses the 'Wireless Setting' section, highlighting the 'SSID' field (set to 'TOTOLINK_N200RE'). Another red box labeled '3' encloses the 'Pre-Shared Key' field. A red box labeled '4' encloses the 'Apply' button at the bottom.
