The screenshot displays the TOTO LINK A1004 web interface. At the top, there's a header bar with the "TOTO LINK" logo, the text "The Smartest Network Device A1004", and two icons labeled "Refresh" and "Save". Below the header, the main area is divided into two panels. The left panel, titled "Config Explorer", shows a tree view of settings categories: Basic Setup (Status Summary, Internet Setup, Wireless Setup, Firmware Upgrade) and Advanced Setup (Network, Wireless, NAT/Routing, Firewall, Utility, Traffic, System). The "System" category under Advanced Setup is expanded, and "System Log" is highlighted with a red box and a red circle containing the number "1". The right panel, titled "System Log", contains a table with columns "Timestamp" and "System Log Contents". It shows one log entry: "2019/01/24 10:35:52" and "IP : 192.168.0.13 LOGIN Success". There is a "Clear" button at the top right of the table. Below the table is the "System Log Setup" section, which includes options for "Operation" (Start/Stop), "Status" (Log Count(Max Count) : 1(400)), and "E-mail Report" (at [ ] o'clock, Clear after sending mailing). The "Send E-mail Immediately" button is highlighted with a red box and a red circle containing the number "2".

#### STEP-4:

Administrator email settings.

① Fill in the recipient email, for example: fae@zioncom.net

② Fill in the recipient server, for example: smtp.zioncom.net

③ Fill in the sender's email.

④ Fill in the sender's email and password.

⑤ Click "Apply".

The screenshot shows the TOTO LINK A1004 web interface. The left sidebar contains a 'Config Explorer' with categories like Basic Setup, Advanced Setup, and System. The main content area is titled 'Admin Setup' and 'Login Account Setup'. It includes a 'Login Account Setup' section with fields for ID, Password, and Security Code. Below this is the 'Configure Login Method' section with options for HTTP Basic and Session. The 'Admin E-mail Setup' section is highlighted with red boxes and numbers 1 through 5, indicating the steps for configuring the administrator email settings.

Login Account Setup	
ID	Not Configured
Password	Not Configured
New Login ID	<input type="text"/>
New Password	<input type="password"/> <input type="button" value="View"/>
Security Code	(Alphabet 5 characters)enter <input type="button" value="Refresh"/>
<input type="button" value="New account"/>	

**Configure Login Method**

☒ HTTP Basic Use HTTP Basic auth

☐ Session  Min - Session expire time

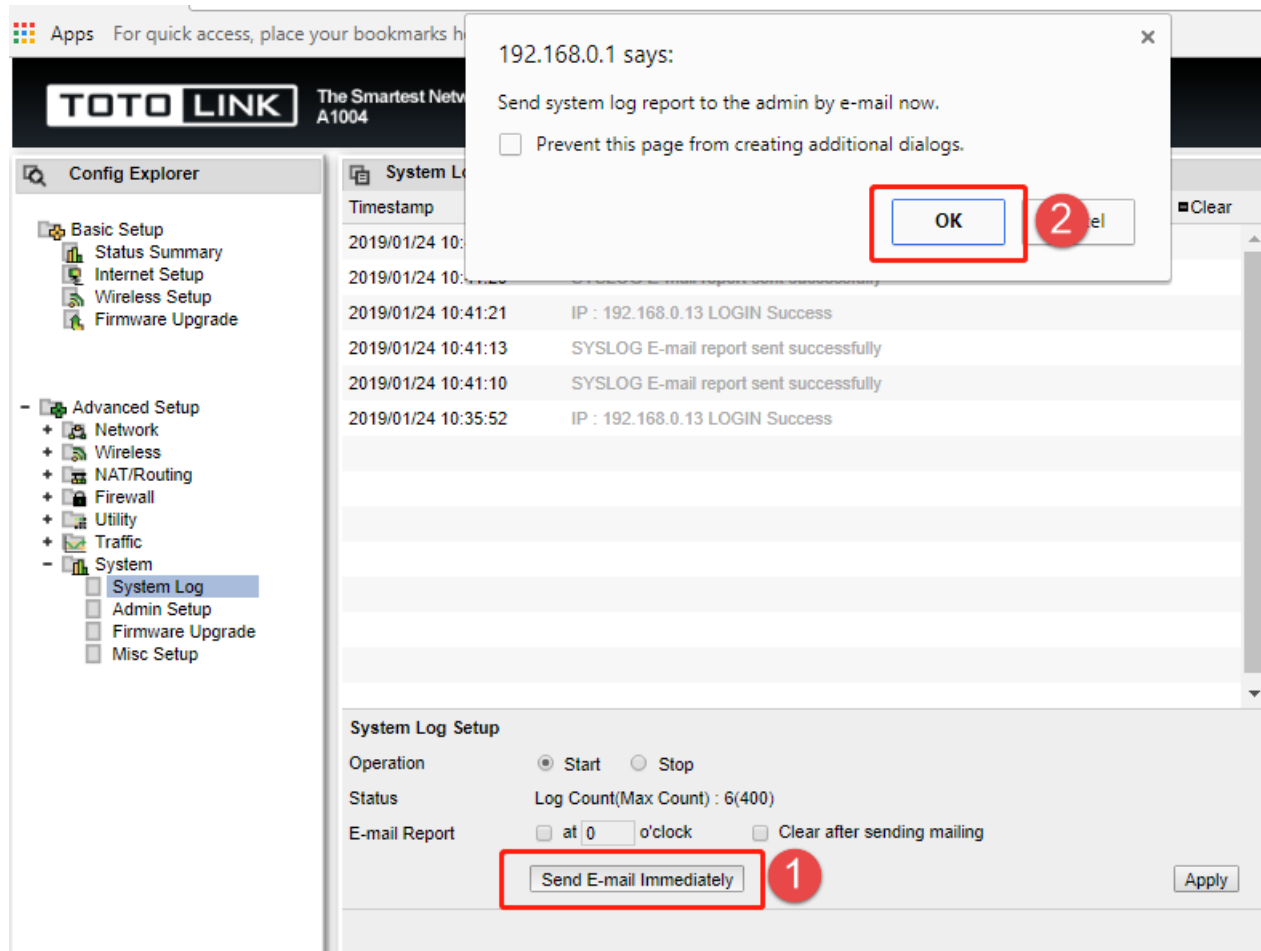

Captcha usage   times of login failure make captcha appears

**Admin E-mail Setup**

Admin E-mail	<input type="text" value="fae@zioncom.net"/> ①	Mail Server(SMTP)	<input type="text" value="smtp.zioncom.net"/> ②
E-mail of sender	<input type="text" value="fae_hardware@zioncom.r"/> ③		
Authentication	<input checked="" type="radio"/> Use <input type="radio"/> Not Use		
SMTP Account	<input type="text" value="fae_hardware@zioncom.r"/> ④	SMTP Password	<input type="password" value="....."/> ④
<input type="button" value="Apply"/> ⑤			

#### STEP-5:
