How to setup N200RE V3 Multi-SSID?

It is suitable for: **N100RE, N150RH, N150RT, N151RT, N200RE, N210RE, N300RT, N301RT , N300RH, N302R Plus, A702R, A850R, A3002RU**

Application introduction: Multi-SSID allows users to create multiple WiFi networks with different priority. It is good for access control and data privacy.

Suitable for N200RE-V3.

STEP-1:

Connect your computer to the router by cable or wireless, then login the router by entering http://192.168.0.1 into the address bar of your browser.

Note:The default access address varies depending on the actual situation. Please find it on the bottom label of the product.

STEP-2:

User Name and Password are required, by default both are **admin** in lowercase letter. Click **LOGIN**.
