- **Cutting Capacity:** 25 mm
- **Weight:** 1.36 kg (Tool only), 1.60 kg (Gross weight)

Frequently Asked Questions

Q: Can this product be used for cutting branches thicker than 25mm?

A: It is not recommended to use this product for cutting branches thicker than the specified cutting capacity of 25mm.

Q: How often should the blades be sharpened?

A: The blades should be sharpened regularly or when you notice a decrease in cutting efficiency. Refer to the maintenance section in the manual for guidance on blade sharpening.

PREFACE

Thank you for purchasing TOYAMA product.

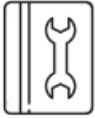

This manual covers the operation and maintenance of your product. The information and specifications included in this publication were in effect at the time of approval for printing. No part of this publication may be reproduced without written permission. This manual should be considered a permanent part of this product and should remain with it. The illustration may vary according to the model.

Keep this owner's manual handy, so you can refer to it at any time. This owner's manual is considered a permanent part of the product and should remain with the product if resold.

If a problem should arise, or if you have any questions about the product, consult you authorized TOYAMA dealer.

WARRANTY TERM

This product is guaranteed against defects in material and workmanship for a legal period of three (3) months from the date of issue of the respective Sales Invoice. We undertake to repair or replace, within the period mentioned, free of charge, parts that are recognized by the Technical Department as defective, upon approval of the Warranty Request. This warranty is limited and non-transferable, valid only for the first purchaser and covers only the product, all damages and losses resulting from misuse of the equipment are excluded. Any freight/insurance and other costs will be borne by the buyer.

The following shall be excluded from the guarantee:

- Defects caused by use not in accordance with the instructions contained in the Owner's Manual; accidents (falling, fire, etc.); use of non-original parts and repairs and / or maintenance carried out by unauthorized workshops and / or technicians.
- Spare parts and natural maintenance such as spark plugs, lubricants, filters, fuel cap, starting cord, handles, seals, gaskets, safety devices and similar items.
- Parts that suffer from natural wear and tear due to friction such as piston, cylinder, piston rings, bearings, pins,

rollers, connecting rod, crankshaft, springs, bushings, rotor and mechanical seals.

- Violated products.
- Products whose Certificate of Warranty is incorrectly filled in and / or without the Sales Invoice number.

NOTE: A breakdown during the warranty period does not entitle the buyer to stop payment, or discounts.

IMPORTANT: Keep the Sales Invoice, the Product Warranty Certificate and present them when you need technical assistance.

ATTENTION: Read the owner's instruction manual and all warnings of danger and attention before operating the equipment.
