tp-link AC1200 WLAN Bluetooth PCI Express Adapter Installation Guide
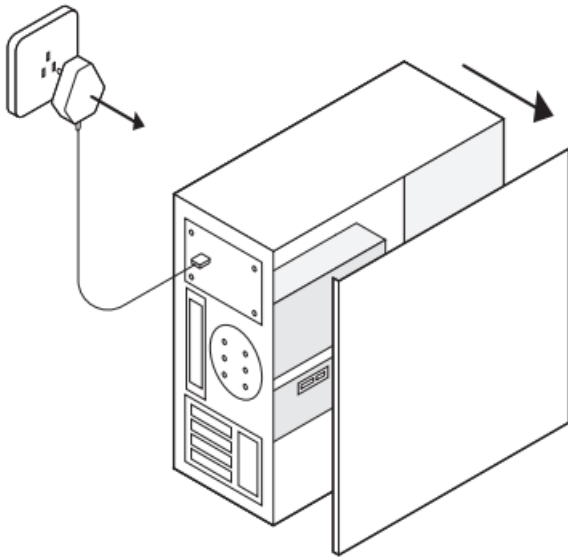

Contents

**TP-Link AC1200 WLAN Bluetooth PCI Express Adapter Installation Guide**

Images may differ from your actual product.

Connect to a Computer

**a.** Turn off your computer, unplug the power cable then remove the case panel.

b. Connect the provided Bluetooth USB cable to the adapter.

Adapter

Bluetooth USB cable

**c.** Locate an available **PCIE X1** slot and carefully insert the adapter.

Note:
If the bracket is not suitable for your computer, detach it from the adapter's board and replace it with the low-profile bracket.

d. Locate an available F_USB connector and carefully plug the Bluetooth USB cable into it.

Note:
If the Bluetooth USB cable is not correctly connected to the motherboard, Bluetooth function won't work even after driver installation.

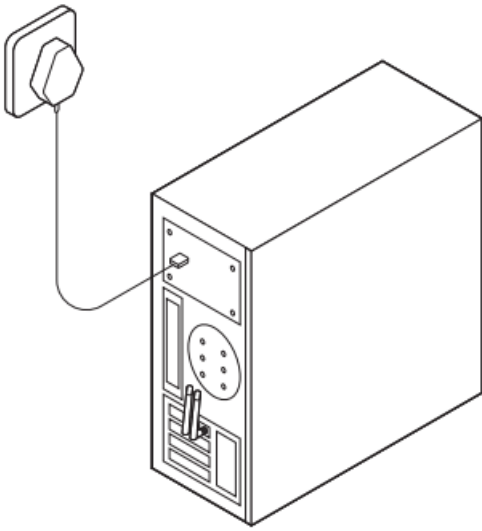

To continue, flip the page over.

e. Connect the antenna(s) to the adapter.

Tip:
To maximize performance, make sure the path between the antenna(s) and your router is clear.

f. Replace the case panel, plug in the power cable and turn on your computer.
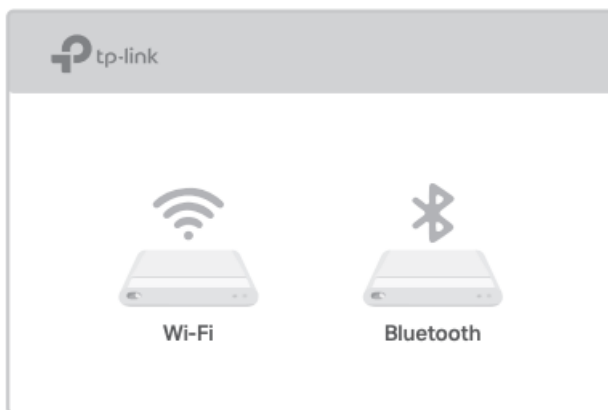

Install Drivers

a. Insert the CD and run the **Autorun.exe**.

> Tip:
> You can also check the new release and download the driver at **https://www.tp-link.com/support/download/**

b. Install the Wi-Fi and Bluetooth drivers.
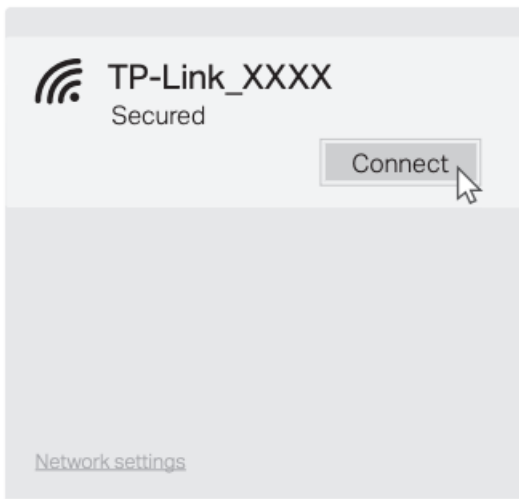

1. **Wi-Fi:** Click ⌃ and follow the onscreen instructions to complete the Wi-Fi installation.

2. **Bluetooth:** Click ✳ and follow the onscreen instructions to complete the Bluetooth installation

Join a Wireless Network

a. Click the network icon (⏸ or ⏸) on the taskbar.

b. Select your Wi-Fi network, click Connect, and enter the password when prompted.
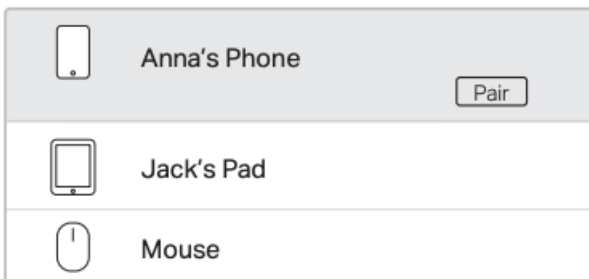

Pair With Bluetooth Devices

a. Right click the ✺ (Bluetooth) icon on the taskbar. If it's not displayed, turn on Bluetooth in your PC settings first.

b. Select **Add a Bluetooth Device** or **Add a Device** to scan for available devices.

c. Select your Bluetooth device from the list and follow the onscreen instructions to complete pairing.

> Note:
> Make sure your device's Bluetooth is enabled and discoverable.
