tp-link Smart Switch

SAFETY FIRST

- Read and follow all safety precautions in the Kasa Smart app.
- Read warnings on the next page.

STEP 1: DOWNLOAD KASA

Get the Kasa Smart app from the Apple App Store or Google Play.

STEP 2: ADD TO KASA

Follow the instructions in the Kasa app to complete the installation and setup.

FAQs, Warranty & more

WARNING:

- Follow all national and local safety regulations and practices. If you are uncertain or uncomfortable when performing the installation, consult a qualified electrician.
- Install only in a suitable UL or equivalent Listed outlet box.
- CAUTION – Risk of electric Shock – More than one disconnect switch may be required to de-energize the equipment before servicing. A circuit breaker which disconnects the Live and Neutral conductor simultaneously is suitable. Ensure power is off at the circuit breaker before removing or installing any wall switch.
- Tighten terminal screws to 13 lbf-in (for Kasa switch with screw terminals).

Documents / Resources

 A thumbnail image of the 'tp-link Smart Switch [pdf] User Guide' document. It shows the top section with the TP-Link and Kasa logos, followed by a 'SAFETY TIPS' section with bullet points, and then 'STEP 1: DOWNLOAD KASA' and 'STEP 2: ADD TO KASA' instructions with small icons.	<p>tp-link Smart Switch [pdf] User Guide</p> <p>Smart Switch</p>
