tp-link T315 Smart Temperature and Humidity Monitor

Product Information

Specifications

- **Operating Temperature**: 0°C (32°F) – 50°C (122°F)
- **Connection:** Bluetooth
- **Battery:** 2 x AAA batteries (not included)
- **Comfort Level**: Default temperatures between 20°C (68°F) – 26°C (78.8°F), humidity between 30% – 60%

Product Usage Instructions

Before You Start

A Tapo Hub is required for operation. Ensure the Tapo Hub is successfully added via the Tapo app.

Power Up Your Monitor

Remove the back panel and insert 2 AAA batteries. The screen will light up.

Set Up Your Monitor

Open the Tapo app, tap the button, select Sensors, and choose your model. Follow the app instructions to complete the setup process.

Test Your Monitor

Take the monitor to your desired location. Ensure the Connection icon on the screen is solid. If no connection icon appears, move it closer to your Tapo Hub.

Place Your Monitor

- **Option 1:** Place it on a table or shelf.
- **Option 2:** Attach the non-slip pad to the back and magnetically attach it to metallic surfaces.
- **Option 3:** Stick it to a clean wall with the included adhesive.

Note: The installation height should not exceed 2 meters.

Caution

Risk of explosion if the battery is replaced by an incorrect type. Operating Temperature: 0°C (32°F) – 50°C (122°F). Keep away from harsh environments with high temperatures or humidity. Do not immerse the vent hole in any liquid. This monitor is designed for lifestyle facilitation and not as a precision measuring tool.

FAQ

- **Q**: How can I customize the comfort level on the Tapo app?
- **A**: In the Tapo app, navigate to settings, select Comfort Level, and adjust the temperature and humidity ranges to personalize your comfort level.
- **Q**: What should I do if the battery level is low?
- **A:** When the battery level is below 20%, replace the batteries with new ones to ensure the uninterrupted operation of your monitor.
