tp-link UE330C USB to Ethernet Network Adapter

Product Information

Specifications

- **Product Name:** USB to Ethernet Network Adapter
- **Power Source:** USB
- **Compatibility:** Windows 7/8/8.1, Mac OS X 10.8 to 10.15
- **LED Indicator:** White (On), Yellow (Flashing), Green (On)

Frequently Asked Questions

- **Q:** Can I use this adapter with a Nintendo Switch?
 - **A:** Yes, this adapter is compatible with Nintendo Switch, but only the UE306 model supports it.

Product Usage Instructions

Powering On and Off

- To power on the USB to Ethernet Network Adapter, simply plug it into a USB port on your computer. There is no power button on the device.

- To power off the device, you can either disconnect the adapter from the USB port or unplug the power adapter from the power source.

Handling and Maintenance

- Do not attempt to disassemble, repair, or modify the device. If you require service or support, please contact us.
- Avoid exposing the device to water, fire, humidity, or hot environments. Keep it in a dry and cool place.

Power Source Requirement

- This USB to Ethernet Network Adapter can only be powered by equipment that complies with Power Source Class 2 (PS2) or Limited Power Source (LPS) standards defined in the IEC 62368-1 standard.

Recycling

This product bears the selective sorting symbol for Waste Electrical and Electronic Equipment (WEEE). It must be handled according to European directive 2012/19/EU for recycling or dismantling to minimize its impact on the environment. You can give the product to a competent recycling organization or return it to the retailer when purchasing new electrical or electronic equipment.

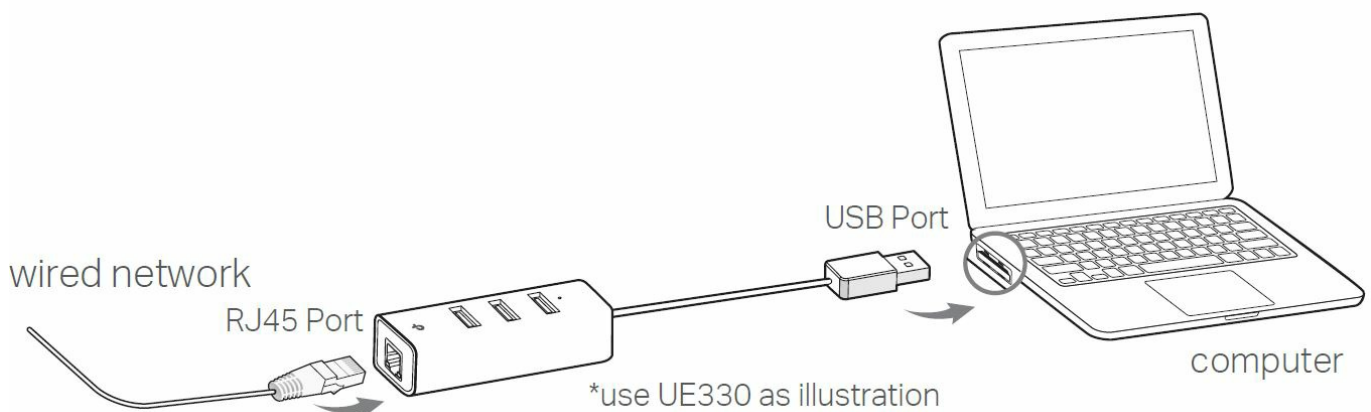

Using the Adapter

This adapter supports Plug and Play feature. Plug in and wait for seconds. Then this adapter is ready to use.

UE330C, UE330, UE300 and UE200

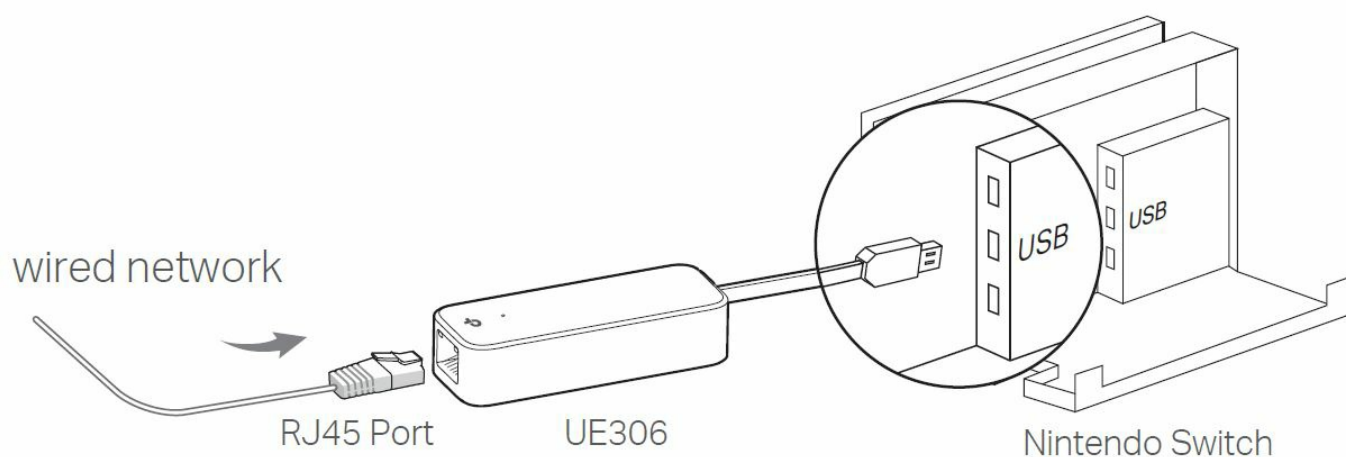

- For Windows 7/8/8.1, please click to install a driver if prompted to do so. For Windows 7, please click CANCEL if prompted "The program might not have installed correctly" after installation.
- For Mac OS X 10.8 to 10.15, please download and install a driver by visiting our official website www.tp-link.com and searching the model number.

UE300C and UE306

- For Windows 7 and Mac OS X 10.9 to 10.15, please download and install a driver by visiting our official website

www.tp-link.com and searching the model number.

- Works with Nintendo Switch (Supported by UE306 ONLY)

LED Explanation

For UE330C, UE330

LED	Status	Indication
White	On	The adapter is properly connected and hub is ready to use
Yellow	On	The Ethernet cable is properly connected
Green	Flashing	Network data is being transferred

For UE300C, UE300, UE200, UE306

LED	Status	Indication
White	On	Both the adapter and Ethernet cable are properly connected
White	Flashing	Network data is being transferred

ATTENTION

- When product has power button, the power button is one of the way to shut off the product; when there is no power button, the only way to completely shut off power is to disconnect the product or the power adapter from the power source.
- Do not attempt to disassemble, repair, or modify the device. If you need service, please contact us.
- Keep the device away from water, fire, humidity or hot environments.
- This equipment can be powered only by equipments that comply with Power Source Class 2 (PS2) or Limited Power Source (LPS) defined in the standard of IEC 62368-1.

Recycling

- This product bears the selective sorting symbol for Waste electrical and electronic equipment (WEEE).
- This means that this product must be handled pursuant to European directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment.
- User has the choice to give his product to a competent recycling organization or to the retailer when he buys a new electrical or electronic equipment.

TP-Link hereby declares that the device is in compliance with the essential requirements and other relevant provisions of directives 2014/30/EU, 2014/35/EU, 2011/65/EU and (EU)2015/863.

The original EU declaration of conformity may be found at <https://www.tp-link.com/en/support/ce/>

TP-Link hereby declares that the device is in compliance with the essential requirements and other relevant provisions of the Electromagnetic Compatibility Regulations 2016 and Electrical Equipment (Safety) Regulations 2016.
