They may differ from your actual products.

Tips:

1. When not in use, please unplug or remove the external peripherals from the hub first, and then unplug the hub from your host device.
2. If you need to connect a PD charger to the hub's USB-C PD port, please:

    A) Notice that it only has the charging function and is input only.

    B) Use an original or certified PD charger to charge your host device. The output of the PD charger should meet the input specifications of the USB-C PD port.
3. For products with Gigabit Ethernet ports, the installation of drivers may be necessary for compatibility with some older operating systems. Please visit our official website at **www.tp-link.com** to download the necessary driver for these systems:
    • Windows 7/8
    • Mac OS X 10.9 to 10.15
