TRANSFORMERS

TRANSFORMERS TF-G03 BT Dual Mode Headsets

Product Information

Specifications:

- Compliance: Part 15 of FCC Rules
- Radiation Exposure Limits: FCC approved for uncontrolled environment
- Minimum Distance: 0cm between radiator and body

Product Usage Instructions

Safety Caution:

It is important to note that any changes or modifications to this device that are not explicitly approved by the manufacturer could void your authority to operate this equipment.

Compliance Guidelines:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. For safety reasons, it should be installed and operated with a minimum distance of 0cm between the radiator and your body.

Frequently Asked Questions

- **Q: Can I make modifications to the device?**

- A: No, any changes or modifications not approved by the manufacturer could void your authority to operate the equipment.

- **Q: What are the compliance conditions for operation?**

- A: The device must not cause harmful interference and should accept any interference received.

- **Q: How should the equipment be installed concerning radiation exposure?**

- A: The equipment should be operated with a minimum distance of 0cm between the radiator and your body to adhere to FCC radiation exposure limits.

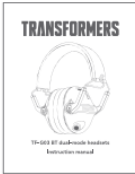

Warranty card

Dear user, this warranty card is the proof of your future warranty application, please cooperate with the seller to fill it out and keep it for future use!

	Audio cable x1		Instructions and warranty card x1

Product specification

- BT version: V5.4
- Transmission distance: $\geq 10\text{m}$
- Speaker type: 40mm
- Impedance: $160\pm 15\%$
- Sensitivity: $116\text{dB}\pm 3\text{dB}$
- Frequency response: 20Hz-20KHz
- Battery capacity: 4.2V1200mAh
- Rated input: 5V  500mA
- Charging time: ≈ 3 hours
- Play music time: ≈ 100 hours

Tips

1. Except for the operation methods specifically marked in the manual, do not try to disassemble or replace any parts in the product.
2. Do not put the product in the water or any other liquid, the product is not waterproof.
3. If any liquid accidentally enters the product, please disconnect and remove the product immediately.
4. To avoid electric shock, please make sure that there is no water on your hands when installing or uninstalling the product.
5. Do not put the product near a heat source or directly expose it to a fire source.
6. Do not put the product in an environment with strong electromagnetic force, otherwise, it will cause product malfunction.

Product operation instructions

1. Power on / off

- Power on: When the headsets are powered off, press and hold the switch key for 3 seconds, the blue light will be on for 1 second, and the voice prompt “Power on” will sound.
- Power off: When the headsets are powered on, press and hold the switch key for 5 seconds, the red light will be on for 1 second, and the voice prompt “Power off” will sound
- Low power alarm and automatic shutdown function: When the battery voltage is lower than 3.3V, the headsets will emit a voice prompt “Battery low”, and the headsets should be charged in time. When the battery voltage is lower than 3.1V, the headsets will automatically power off.

2. Pairing

After the headsets are powered on, turn on the device BT, search for “TF-G03” and click connect. After successful pairing, the voice prompt “Connected” will sound. If the headsets are not connected or disconnected for more than 5 minutes, the headsets will automatically power off.

Note: When the headsets are used for the first time, they will automatically enter the pairing\ mode after the headsets are power on. This product has a BT memory function. When used again, turn on the headset and device BT, and BT will automatically reconnect.

3. Phone call

Press the microphone, and after the microphone ejects, it can be pulled out for use. When not in use, push the microphone in and press it again to take it back.

- Turn on the microphone: In the call state, double-click the microphone key, and the voice prompt “mic on” will sound.
- Turn off the microphone: In the call state, double-click the microphone key, and the voice prompt “mic off” will sound.

- Answer/end Call: Click the microphone key.
 - Reject Call: Press and hold the microphone key for 2 seconds.
4. EQ Game / music mode (power-on default): Click the EQ key.
5. Music
- Play / pause music: Click the M key.
 - Next song: Double-click the M key.
 - Previous song: Triple-click the M key.
6. Voice assistant
- Wake up Siri: Press and hold the M key for 2 seconds.
7. Volume
- Turn down the volume: Turn the wheel to the left to reduces the volume, and there is a prompt tone at the minimum volume.
 - Turn up the volume: Turn the wheel to the right to increase the volume, and there is a prompt tone at the maximum volume.
8. Interface
- When the headsets are plugged into the Type-C charging cable or audio cable, the headsets will automatically power off.
9. One drag two function
- First of all, the headsets are turned on and connected to the first device. Secondly, turn off the BT of the first device, restart the headsets, and connect to the second device. Finally, turn on the BT of the first device, and the headsets will automatically connect to the first device. Headsets can switch between devices.

Reset the paired device list

When the headsets are power on, six clicks the switch key, the red and blue lights flash alternately, the voice prompt “Pairing” will sound, and then re-enter the search pairing state.

Charging completed	The blue light is steady on	——
Low power alarm state	The red light flashes every 5 seconds	“Battery low”

The name and content of harmful substances in the product

Part name	Harmful substances					
	Pb	Hg	Cd	Cr(VI)	PBB	PBDE
Printed circuit board components	○	○	○	○	○	○
Small structural parts such as shell	○	○	○	○	○	○

This form is compiled in accordance with the provisions of SJ/T 11364.

- O: Indicates that the content of the hazardous substance in all homogeneous materials of the part is below the limit requirements specified in GB/T 26572.
- X: Indicates that the content of the hazardous substance in at least one homogeneous material of the part exceeds the limit requirements specified in GB/T 26572.

1. Note: 1. The parts marked with "X" on the table are unable to achieve the replacement of harmful substances due to limitations in global technological development;
2. Printed circuit board components: including printed circuit boards and their parts, electronic components, etc;
3. Depending on the product model, the product you purchased may not contain all of the above components.

Electronic and electrical products sold in the People's Republic of China must mark this logo, the number in the logo represents the product under normal use environmental protection use period.

Warranty Statement

Disclaimer:

This user manual does not have any form of guarantee, position expression or other implication. The products, specifications and information mentioned in this user manual are for reference only, and the content will also be updated on the web at any time without additional separate notice.

Warranty statement:

The product attached to this document is guaranteed as follows: If the product is twelve (12) months from the date of purchase ("Warranty Period"), under normal conditions of use due to quality defects damaged, can be repaired, free repair; free replacement if the manufacturer confirms that it cannot be repaired; repaired or replaced product, continue to enjoy the warranty during the remaining warranty period (the shortest not less than 30 days). The date of purchase is subject to the date of the sales invoice, if the date of purchase cannot be determined, the warranty period shall be thirteen (13) months from the date of production. If you apply for a warranty, please call the product service hotline first and execute it in the manner instructed by us. When applying for warranty, you need to provide an accurate, complete and clearly filled out valid sales invoice.

The above guarantee does not apply to the following situations:

1. Exceeding the validity period of three guarantees;
2. Altering the warranty card, the product code does not match the product body;
3. Failure or damage caused by misuse, abuse or improper transportation, use, maintenance or storage;
4. Failure or damage caused by force majeure (such as earthquake, war, fire, etc.) or accidents;
5. Zipper and tower buckle are damaged due to excessive force;
6. Disconnection or tearing caused by excessive load;
7. Any damage caused by sharp objects;
8. Products with signs of burning or flooding;
9. Damage caused by unauthorized disassembly;
10. Aging, discoloration, abrasion, rupture and other losses that occur during the normal use of the product;
11. If the original identification label of the product is changed or damaged, this guarantee will become invalid.

The completeness and appearance of the product and accompanying materials are not within the scope of the guarantee. You should inspect the product on the spot when you receive it and raise objections to any discrepancies. The above guarantees are all guarantees we make regarding the products, and are only applicable in Chinese Mainland. Nothing in this document affects consumer rights that cannot be excluded or restricted by law.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by the manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body
