TRANSGO A4A6-RV-TK Tool kit

A4A6-RV-TK Tool kit is required when installing
SK A4CF & SK A6MF To Ream Reducing Regulator Valve Bores

A4A6-RV-TK works on two different Transmission Families A4CF 4-Speeds & A6MF 6-Speeds

Tip: Have an old parts washer?
Get 5 gals of WD-40 (approx \$100 bucks) and you'll have the perfect wet tank to keep the VB bore and reamer cool while you ream aluminum valve bodies. Flushes chips out as you g
