Important Information

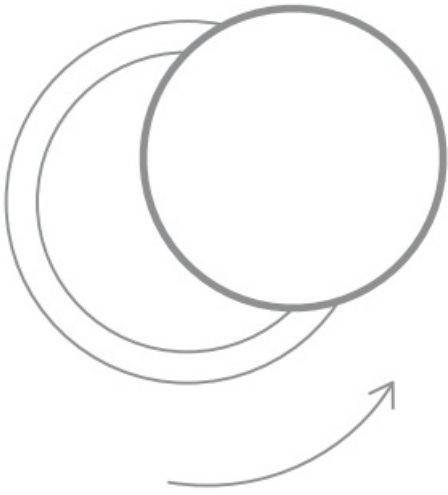

If you encounter any issues or have any questions regarding your new product, feel free to contact our helpful Customer Support Team. Your satisfaction is our goal!

Quick Start

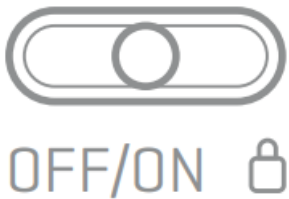

Setup

1. Rotate to open the cover lid.

2. Insert a CD and close the cover lid.
3. Switch the button to "ON"

The device will automatically start in CD mode.

Note: if the CD is not inserted, it will automatically shut down after 2 minutes. Press the play button and restart it. Pressing other keys will be invalid.

4. Plug in your headphones.

5. Press "play" to start.

Note: if the device is played normally or not operated, the screen will automatically stop after one minute, and press any key to call up the screen.

Charging Instructions

When the orange indicator light is flashing, the device needs to be charged.

Different colors of the indicator light correspond to differences in running state.

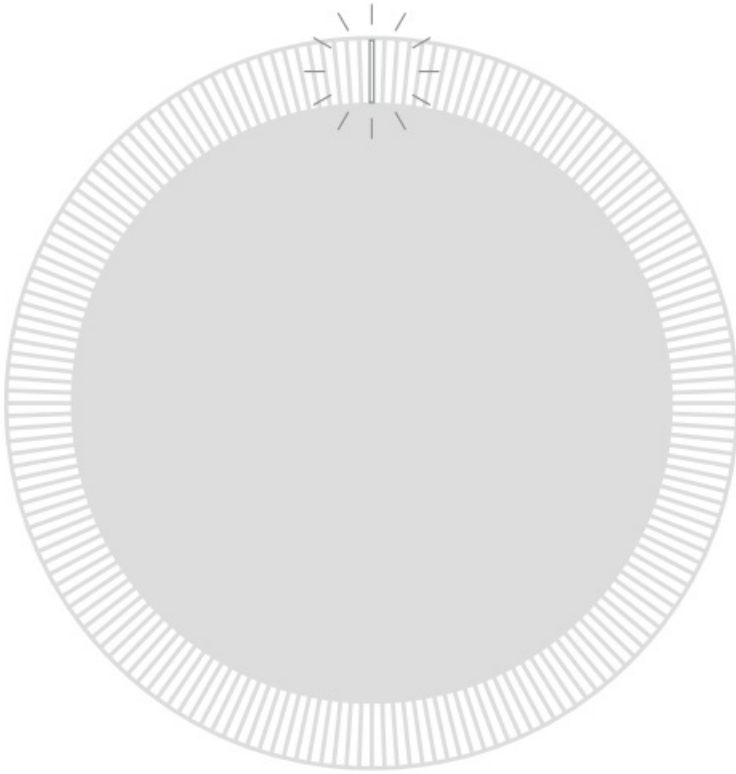

White light: work well;

Green light: fully charged;

Orange light: charging;

Orange flashing light: battery < 20%;

Orange flashing light (quickly) : battery<5%;

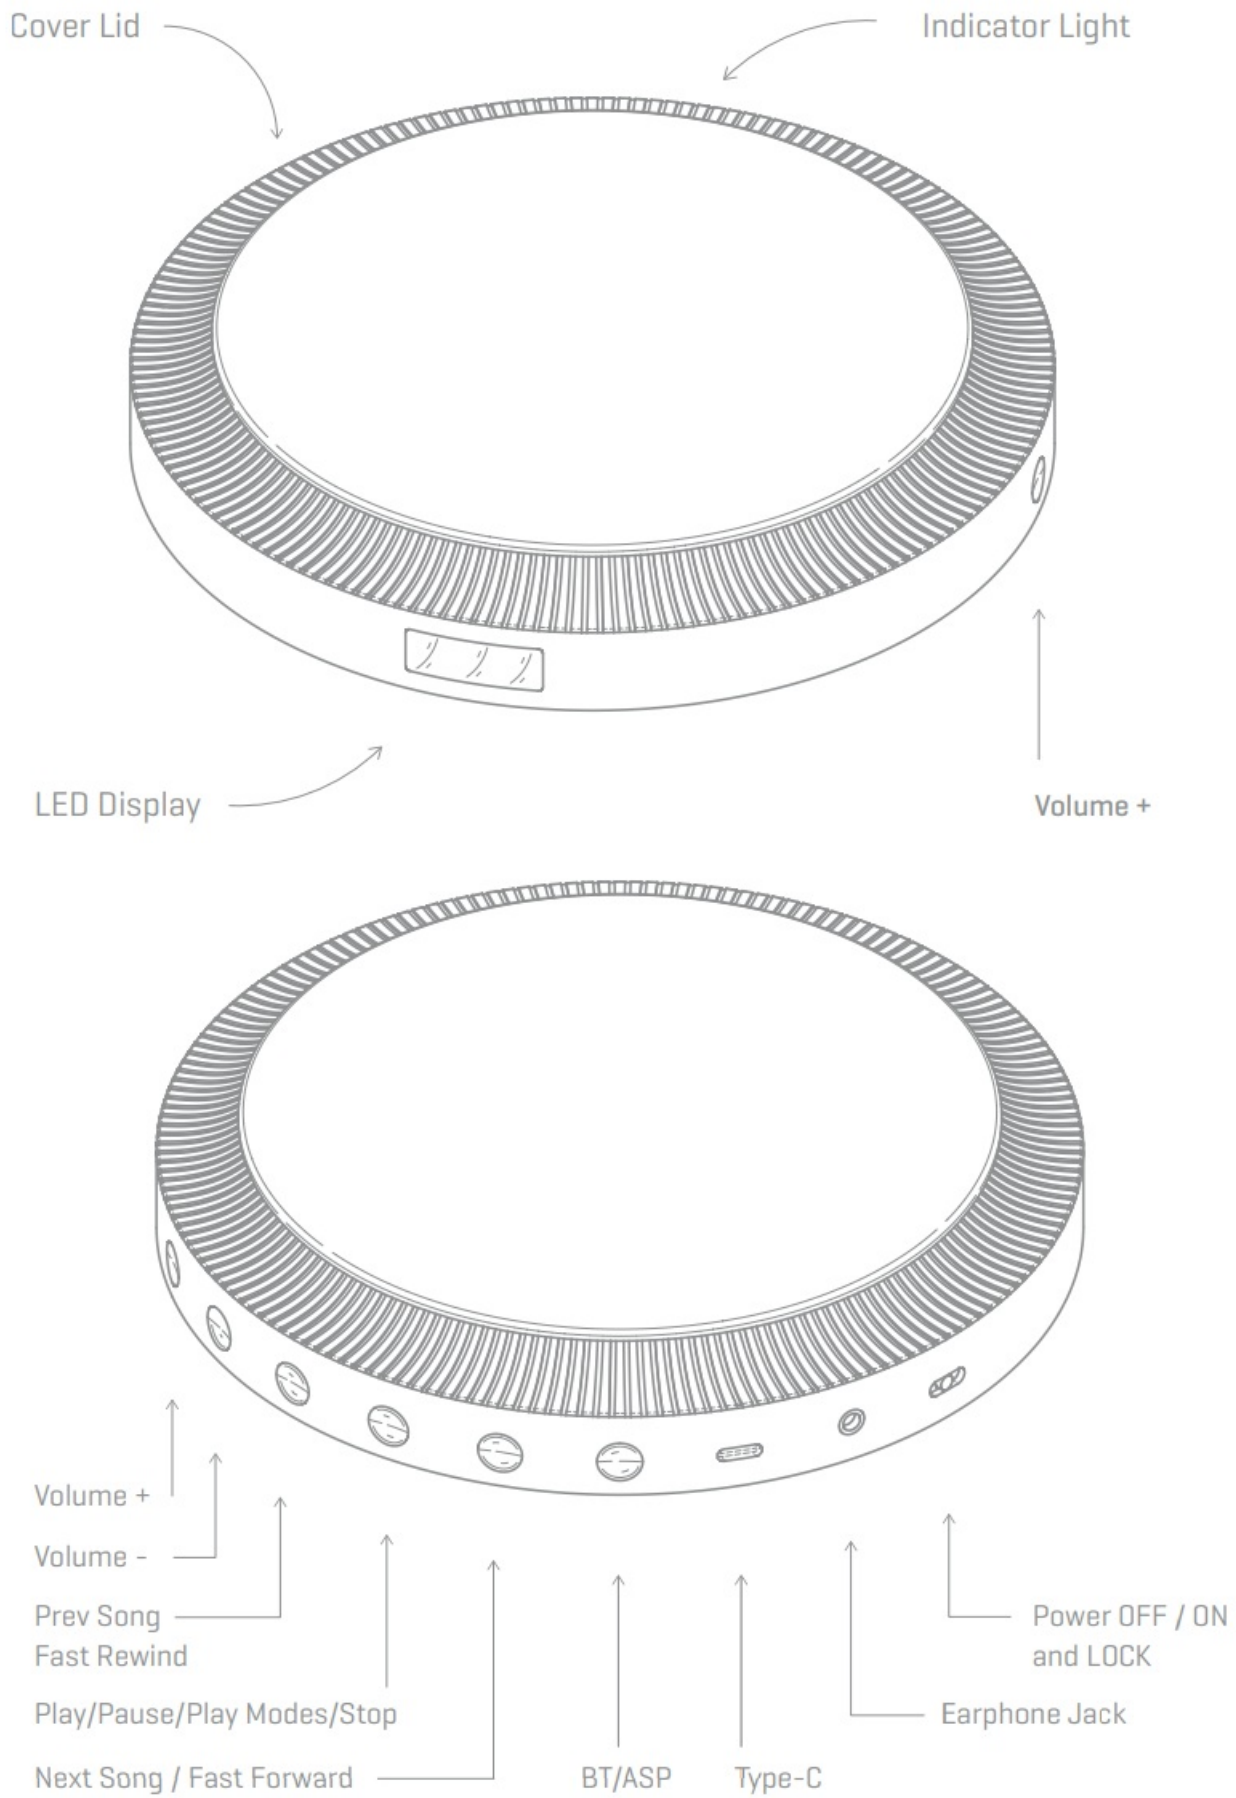

Type-C

When fully charged, the device can play for approximately 12 hours with standard CDs, and approximately 8 hours in Bluetooth Mode.

Make sure that the CD is inserted with the label facing up.3. Ensure the CD is not scratched or damaged.
No sound or poor sound.	<ol style="list-style-type: none">1. Earphone plug is not firmly inserted into the phone's jack, reinsert.2. Volume is set to a minimum, increase volume.3. The battery is low, recharge.4. CD is defective, replace.

Warranty

Our company warrants all products to be of the highest quality in material, craftsmanship and service, effective from the date of purchase to the end of the warranty period.

This warranty extends only to personal use and does not extend to any product that has been used for commercial, rental, or any other use in which the product is not intended for. There are no warranties other than

the warranties expressly set forth with each product.

This warranty is non-transferable. Our company is not responsible in any way for any damages, losses or inconveniences caused by equipment failure caused by user negligence, abuse, or noncompliance with the user manual or non-compliance with any additional safety recommendations or warnings included in the product packaging and manual.

What is not covered by the warranty:

1. The warranty immediately becomes void if the product has been tampered with, repaired or modified by non-authorized personnel.
2. Damage (accidental or otherwise) to the product that does not impact the product's operation, including but not limited to rust, change in color, texture or finish, wear and tear, and gradual deterioration is not covered.
3. Damage caused by accident, abuse, natural disaster, intentional or accidental misuse, fire, neglect or improper maintenance, and use under abnormal conditions is not covered.
4. Products that have exceeded the warranty service period stipulated by our company are not covered.
5. The warranty immediately becomes void if the original serial number is removed, obliterated or altered from the product.
6. Packaging and attached accessories, services and additional configurations other than those promised by the salesperson are not covered.
7. The warranty immediately becomes void if the instructions in the user manual are not followed.
