Package contents

Keyboard:

1. **(A)** Pair button / Bluetooth indicator / Charge indicator / Battery indicator
2. **(B)** Mini-USB (charge) connector
3. **(C)** On/Off switch
4. **(D)** Mini-USB (charge) cable

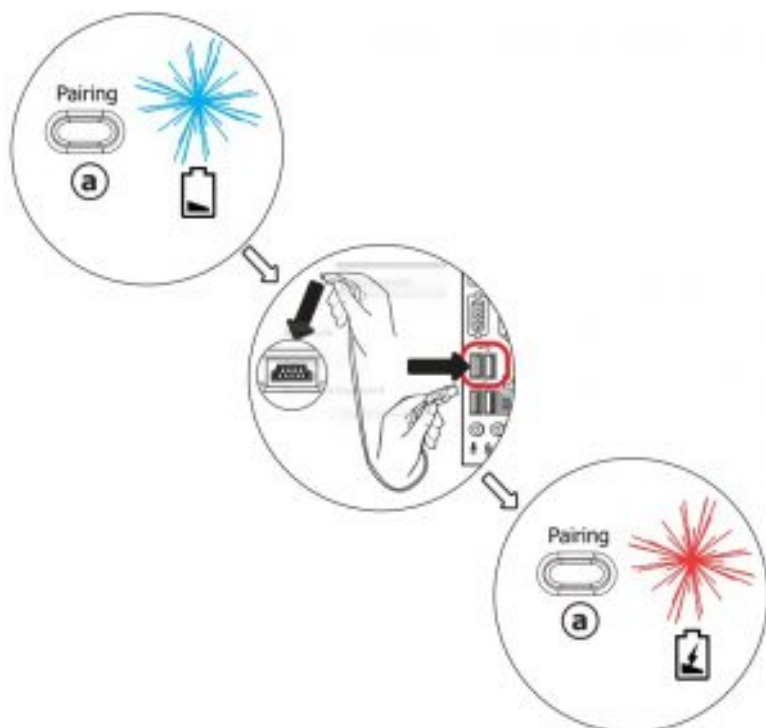

Charging

When the Battery Indicator is On permanently, the keyboard is running out of battery.

To charge the keyboard, use the mini-USB cable to connect it to one of your computer's USB port, or to any device that has a USB charging port.

During the charge, the Charge Indicator remains On until the charge is complete.

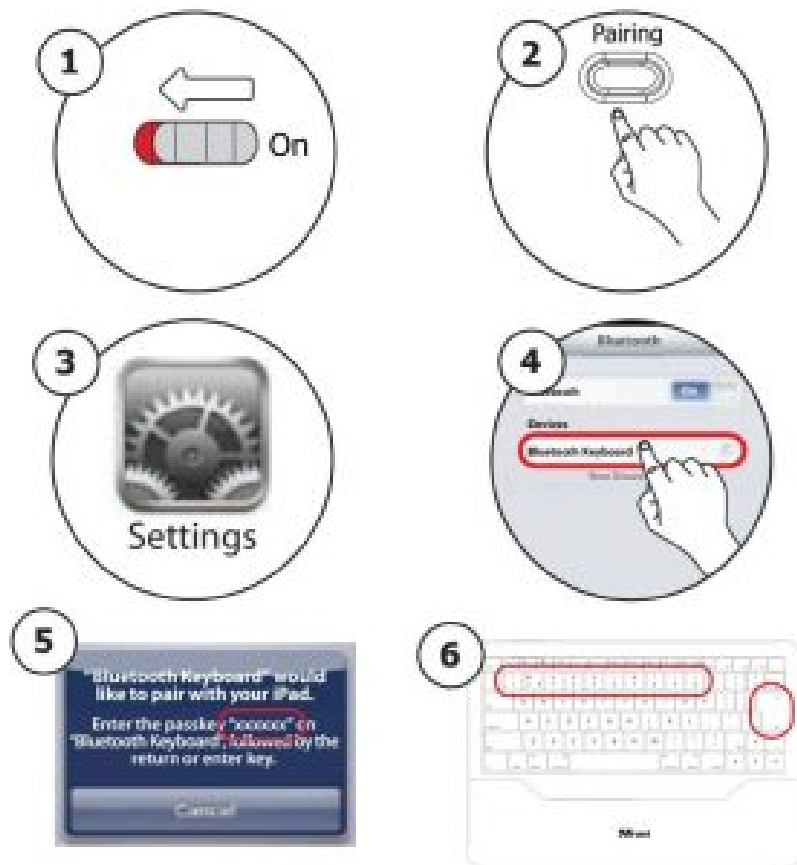

Pairing

To pair the keyboard with your iPad,

1. Switch On the keyboard
2. Press the Pair button
 - The Bluetooth indicator blinks.
3. Open your iPad's Bluetooth Settings
 - Tap Settings, General, Bluetooth
4. Tap the "Bluetooth Keyboard" line in the list of detected devices
 - Devices are detected only if Bluetooth is On (blue)
5. Your iPad will display a passkey
 - A unique passkey is generated every time you pair your devices
6. Type the passkey on the keyboard, and press Enter

Keep away credit and bank cards from the magnetic field of the folio stand.
