## PRODUCT FEATURES

- Features a high-performance CA18-3X, paired with a TIR optic lens to produce a soft and balanced beam.
- Lightweight and tiny, the entire light is slimmer than a little finger, it is shorter than a AAA battery and weighs – only 0.41 oz/11g.
- The 100mAh lithium battery can be charged via micro-USB.
- 38.9 mm (length) 13.8 mm (diameter).
- Net weight 11g (including battery).
- Anti-reserve design in case of damage caused by the wrong type of battery direction.
- Aluminum alloy material, military-grade III hard anodizing.

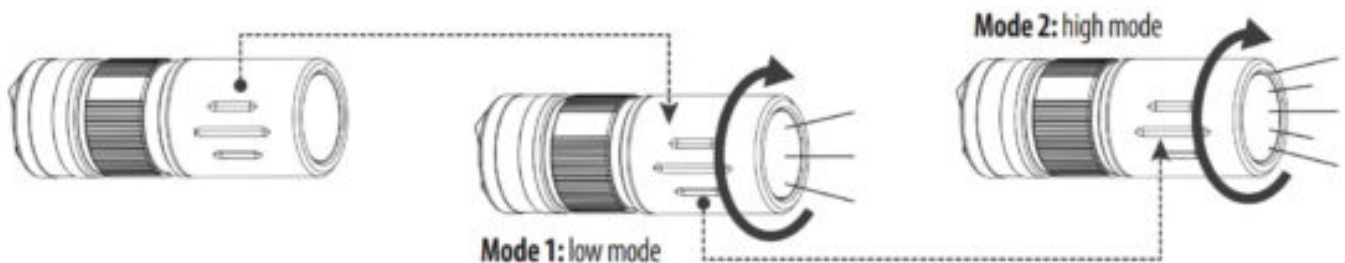

### Caution:

The lamp is blocked/secured with one non-conductive plate. At the first use, the flashlight has to be screwed open on the HEAD side, take the one nonconductive plate out of it to get it working. The lamp is ready for use.

SPECIFICATIONS								
								
57 m	220LM 5LM	220LM: 23 min. 5LM: 7.5 hours	2 m	IPX8	38.9 mm (length) 13.8 mm (diam.)	CA18-3X LED	890cd	11g (including battery)

The working voltage between 3.1V ~4.2V

## OPERATION

**ON/OFF:** output changes are controlled by twisting the flashlight head. Twist slightly to turn it on at 5 lumens and a bit further for 220 lumens.

**Rubber ring:** Unscrew the side with the LED and insert the rubber ring in the groove, then screw it back. This makes the lamp waterproof!

1. Unscrew the head, and insert the micro-USB into the charging port.
2. Red means charging, and green means fully charged.

## **GUARANTEE/WARRANTY**

The guarantee period is 3 years from the date of purchase. This includes a 24-month warranty from the date of purchase. This guarantee is valid for the whole of Europe. The purchase receipt is regarded as proof of purchase. The customer undertakes to read the instructions carefully before making a claim under the guarantee/warranty in order to rule out any operating errors.

The product has been thoroughly checked for quality and functionality before dispatch.  
Exclusion of the guarantee occurs in the following cases:

- in the event of changes to the product without our approval
- in the event of use other than for the intended purpose
- in the event of defects caused by improper maintenance and/or repair
- in the event of commercial use of the article
- in the event of damage caused by falling

When making a claim under the guarantee/warranty, please return the complete product including accessories in a packaging safe for transport to the point of sale from which the product was purchased. Describe the existing defect in the product and enclose the original proof of purchase with the shipment.

The seller reserves the right to subsequent performance before refunding the purchase price.  
Necessary transport costs will be reimbursed to the customer if a justified claim of the legal warranty/guarantee is established. The exercise of statutory rights in respect of defects shall be free of charge. These rights are not limited by the guarantee.

SHP International Trading GmbH (Rathausstraße 5, 96342 Stockheim, Germany) hereby declares that this product is in conformity with the essential requirements of the applicable European Directives.

### **Intended use**

This device (flashlight) is intended for use as a flashlight. Any other use shall be deemed inappropriate.

## **WARNING**

- Not for children under 8 years.
- We recommend charging the flashlight once per three months to prevent damage to the battery.
