### Device Registration – TSI Link™ Software or Data Service Subscription

In order to use your device, you will need to register the device(s) to TSI Link™ account with software or API data services paid software subscription ([click here](#)).

## For TSI Link™ Software Subscription Only

1. Login to [TSILINK.com](https://www.tsilink.com) and go to the <https://www.tsilink.com/home> menu (aka, map).

2. Click on Add Device  icon at the bottom right of the screen.
3. Enter all required information and click DONE.

 **Activate Device**

Please provide the following information to activate your device and see it on the TSI Link map.

Device Details	Device Location
<div>Device Type *</div> <div></div>	<div><b>USE BROWSER LOCATION</b></div> <div>Set device latitude/longitude using web browser location.</div>

4. Adjust the device location if needed.

## For API Data Service Subscription Only or API Data Services and TSI Link™ Software Subscription

1. Login to [TSILINK.com](https://tsilink.com) and go to the <https://tsilink.com/api-services> menu.
2. Enter your device serial number. If you have more than one device, use a comma between serial numbers.
  - Click Submit.

The screenshot shows a web browser at the URL [tsilink.com/api-services](https://tsilink.com/api-services). The page has a dark header with the TSI LINK logo. A left sidebar contains icons for a menu, document, users, notifications, and help. The main content area is divided into two sections. The top section, titled 'Secret', contains a 'NEW SECRET' button with a download icon and a note: 'This will disable your old secret'. The bottom section, titled 'Register Devices', contains instructions: 'Enter a comma delimited list of serial numbers for devices you own.' and 'Devices registered to TSI Link subscription will be added to Data Services, using a unit of device allowance for each.' Below the instructions is a text input field with the example text 'e.g. 81441234100, 81441234101, 81441234102'.

3. You will receive a message asking if you want to register for both TSI Link™ (aka, software) and Data Services subscriptions. Check the box according to what subscription you have.
  - Click DONE.

The modal dialog is titled 'Access additional TSI Link features'. It contains the following text: 'Do you want to register these devices to your TSI Link subscription in addition to your Data Services subscription? Registering a device under both subscriptions will use a unit of device allowance from each. If registering to both, you will need to enter device name and location under 'Settings' in the Devices area in order to see these devices on the map.' Below this text is a checkbox labeled 'Add devices to both TSI Link and Data Services'. At the bottom of the dialog are two buttons: a 'CANCEL' button and a blue 'DONE >' button.
