WHAT'S IN THE BOX

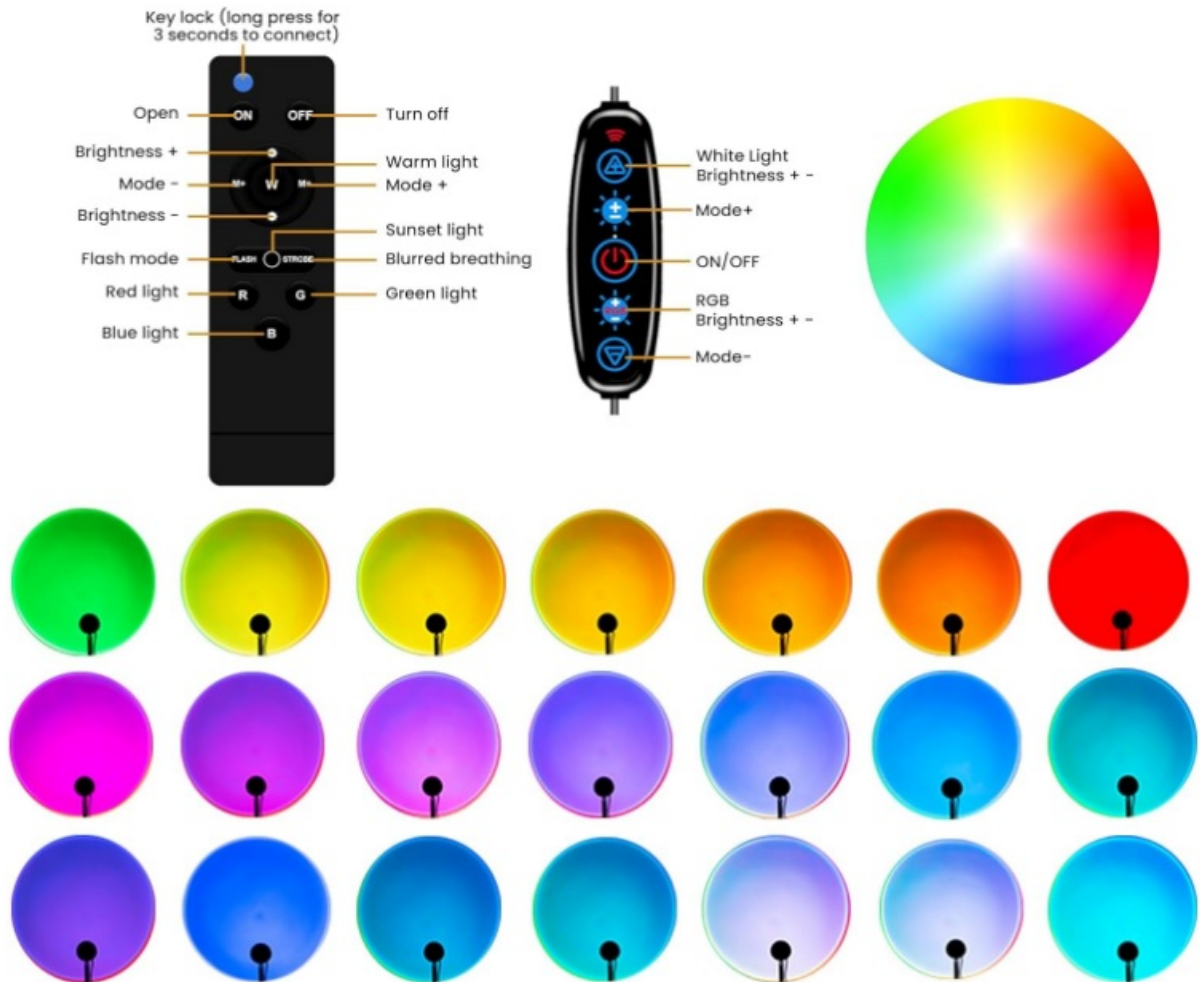

- Sunset Lamp Projector
- User Guide

FEATURES

- **Multiple Control Methods:** Users have the option to control the lighting modes with a simple push button, remote control, or an app.

Multi-Color to Choose in One Lamp

Controlled by button switch/remote control/smart app

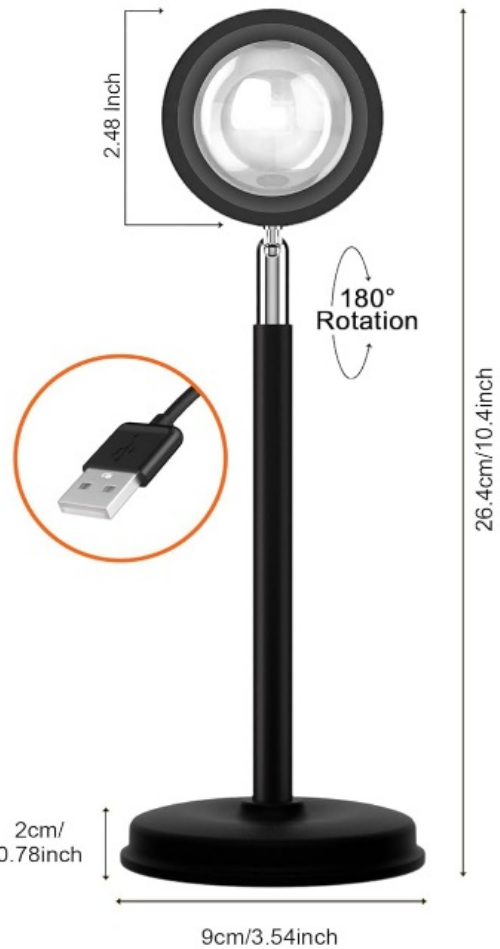

- **Remote Control supplied:** The lamp may be easily controlled from a distance with the supplied remote control (note: remote requires two AAA batteries, not included).

- **Endless RGB Color settings:** This feature offers a variety of colours and settings to fit any mood or setting, such as sunset, rainbow, and colour-changing possibilities.
- **Ideal for Room Decor:** With uniformly distributed RGB lighting, you may create a lively or serene atmosphere in your room.
- **Aesthetic photography lighting** is perfect for producing stunning backdrops for photographs and illuminating areas with gentle, vivid light for creative or photographic endeavours.
- **Powered by a 10W LED light**, this energy-efficient LED ensures low energy usage while producing bright, long-lasting illumination.
- **Sturdy and Low Heat:** The redesigned circuit board prevents overheating, enabling prolonged operation with little heat production.
- **USB Powered:** This device is simple to charge via a USB connection, providing flexibility and simplicity for a range of power sources.
- **Compact form:** Measuring 0.78 x 4.5 x 11 inches, this stylish and room-saving form is suitable for any environment.

USB Powered Easy to Use

- **RGB Lighting for a Range of Events** : Ideal for a variety of settings, including a cool study area, a gaming room, a party, or a calm setting.
- **Long Lifespan**: The premium LED light guarantees longevity, delivering steady illumination over time without requiring frequent bulb changes.
- **Soft Light Effect**: Creates a calm and relaxing ambiance in your space by emitting a warm, gentle light that resembles a sunset.
- **Customizable Ambiance**: The lamp offers complete personalization, whether you're searching for romantic, gentle lighting or energetic, bright colours.
- **Ideal Present**: An excellent option for giving, especially to people who like taking pictures, decorating, or designing beautiful environments.
- **Economical and Practical**: At \$21.99, it offers excellent value for individuals looking for a high-quality and adaptable lighting option.

SETUP GUIDE

- **Install Batteries in Remote:** To make the remote control work put two AAA batteries into it.
- **Plug the lamp into a USB power source :** Such as a USB adapter or a USB port on a laptop or power bank.
- **Turn the Lamp On:** To turn on the lamp and start altering the settings, press the push-button switch.
- **Choose a Lighting Mode:** You can select from a variety of colour settings (such as sunset, rainbow, etc.) via the remote control or an app.
- **Adjust Brightness:** Using the app or remote control, adjust the lamp's brightness to create the mood you want.
- **Position the Lamp:** Put the lamp in a corner or in the middle of the room so that the light can be distributed evenly.
- **Personalize the Colors:** Utilize the application to design a unique colour scheme that complements your event or style.
- **Set Timers:** If you want to use the app, you can set a timer to turn off automatically.
- **Try Different Angles:** Rotate the lamp to produce a variety of effects by projecting the light at various angles.
- **Use for Photography:** To improve images, use the lamp as a backdrop light during picture or video shoots.
- **Use with Other Lights:** To create a dynamic light display for events like parties or get-togethers, use this lamp with other RGB lights.
- **Test Various Color Transitions:** To create distinctive lighting effects, experiment with various colour-changing transitions using the app or remote.
- **Assure Stable Positioning:** To prevent tipping or interference with other items, make sure the lamp is positioned firmly.

- **Charge and Reuse:** To continue using the lamp after its power has dropped, reconnect it to the USB port and recharge it.

CARE & MAINTENANCE

- **Clean Frequently:** To get rid of dust and grime, wipe the lamp's surface with a gentle, dry cloth. Steer clear of strong cleaning agents.
- **Store Correctly:** To maintain the lamp's colour and functionality, keep it out of direct sunlight and in a dry location while not in use.
- **Verify USB Connection:** To prevent power outages, make sure the USB cable is firmly attached to the light and the power supply.
- **Change the remote control's batteries:** If the remote control stops functioning, swap out the two AAA batteries for new ones.
- **Prevent Overheating:** To extend the lamp's lifespan, avoid leaving it on for lengthy periods of time without use, even though it emits little heat.
- **Make Sure It Has Enough Ventilation:** To prevent overheating, make sure the lamp is in an area with adequate ventilation if it will be left on for extended periods of time.
- **Examine for Damage:** Continually check the lamp for wear or cracks. Stop using it and get in touch with customer support if it's damaged.
- **Use the Correct Power Source:** To guarantee correct operation, always use a USB adapter with a 5V voltage rating.
- **Avoid Submersion in Water:** Since the lamp is not water-resistant, do not submerge it in water or use water to clean it.
- **Turn Off When Not Needed:** To extend the life of the LED and save electricity, turn off the lamp when not in use.
- **Avoid Dropping:** Take caution when handling the lamp to avoid internal damage that can impair its functionality.
- **Keep Away from Children:** To avoid unintentional damage or misuse, make sure the lamp is out of young children's reach.
- **Reset Settings When Necessary:** Use the app or push-button feature to reset the settings if the lamp stops working.
- **Maintain Charging Port:** For effective charging, keep the USB charging port clear of debris and clean.

TROUBLESHOOTING

Issue	Solution
Lamp doesn't turn on	Check if the CR2 battery is installed correctly.
Light is too dim	Ensure the battery is fully charged.
Color doesn't change properly	Press the button to switch between RGB modes.
Lamp doesn't respond to button press	Try pressing the button longer or check for dirt or obstruction.
Light flickers or is unstable	Replace the battery with a fresh CR2 battery.
The projector is not stable	Ensure the lamp is placed on a flat surface.
Lamp shows a single color instead of RGB	Check if the RGB setting is activated.
There's a buzzing sound from the lamp	Unplug the lamp for a few minutes and then reconnect.
The light doesn't project well	Move the lamp closer to the wall or surface to improve the projection.
Button feels unresponsive	Clean the button area to remove any debris that might block it.

PROS & CONS

Pros

1. Stunning RGB colours create a unique sunset effect.
2. Energy-efficient and long-lasting LED bulbs.
3. Compact and portable, easy to set up in any room.
4. Creates a relaxing ambience for any occasion.
5. Affordable price for such a versatile lighting solution.

Cons

1. Only works with a CR2 battery, which may need frequent replacements.
2. Limited brightness compared to traditional lamps.
3. Push-button switch might feel less convenient.
4. The effect may not be as vivid in well-lit rooms.
5. No remote control, which limits convenience.

WARRANTY

The Tsrarey LT-06 Sunset Lamp Projector comes with a standard **1-year warranty**. This warranty covers any defects in materials or workmanship under normal use. If you experience issues with the product within the first year, you can reach out to Tsrarey's customer service for a replacement or repair.

FREQUENTLY ASKED QUESTIONS
