WHAT'S IN THE BOX?

Log-Box

Quick Start
Guide

USB Cable

104.68 mm

Temperature
Probe

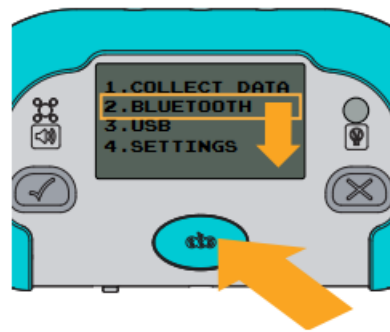

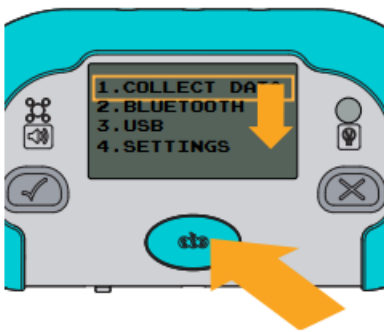

Lanyard

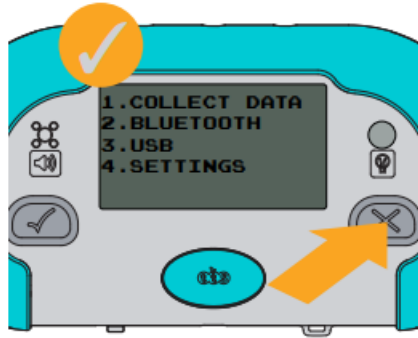

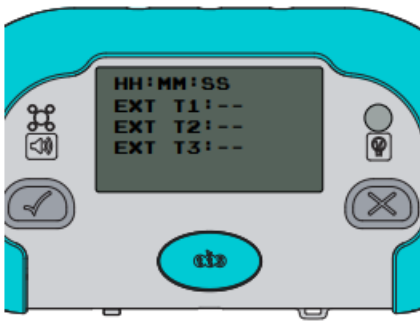

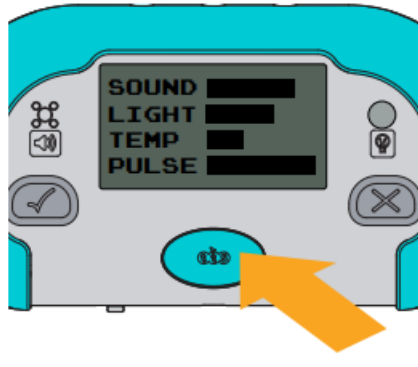

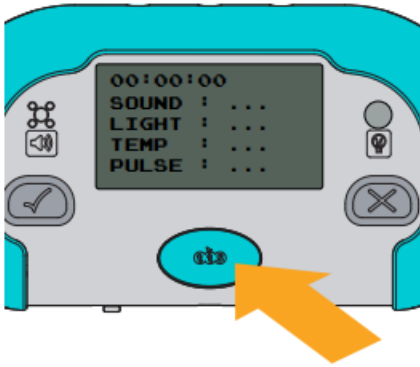

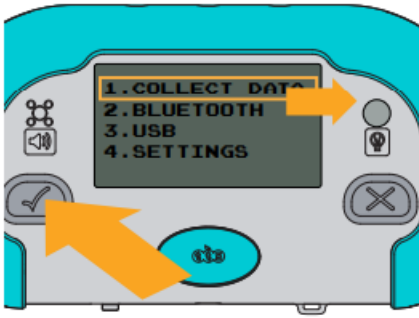

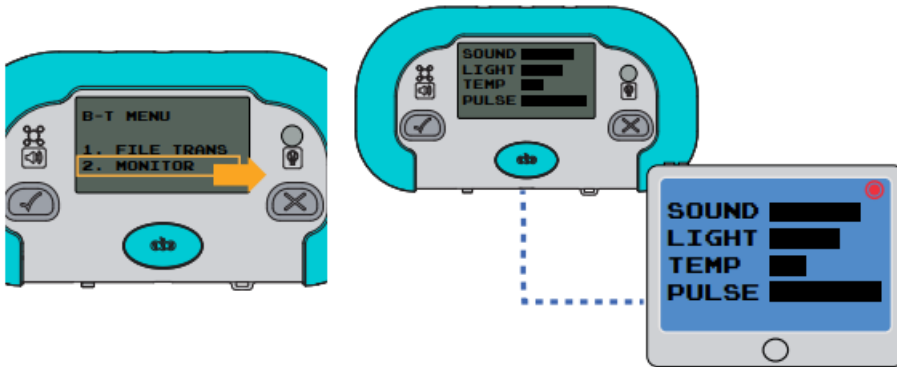

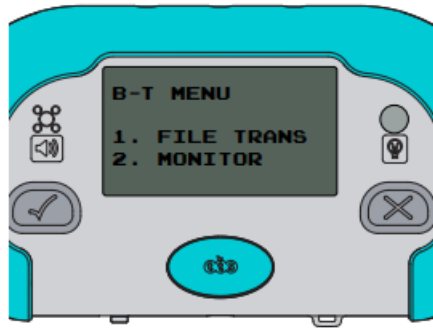

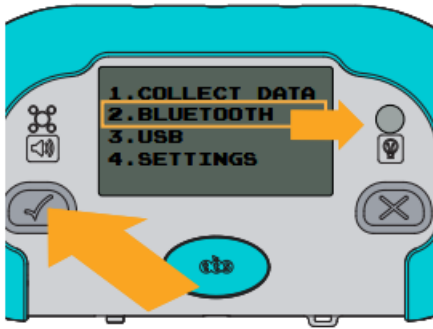

Using Instructions

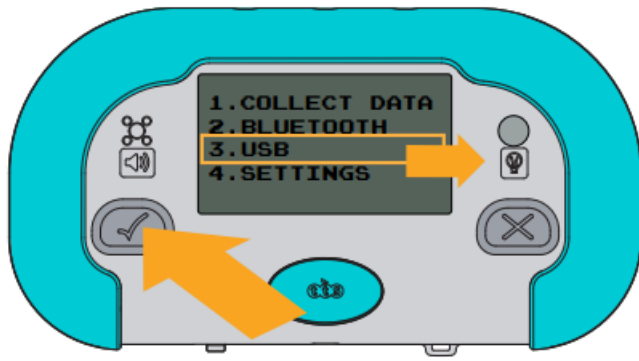

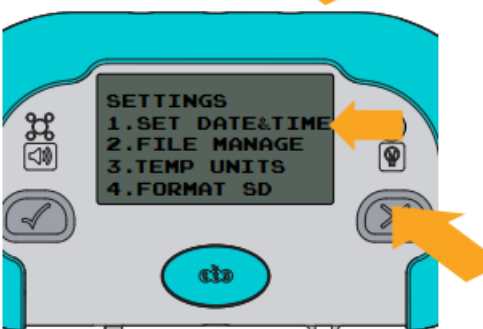

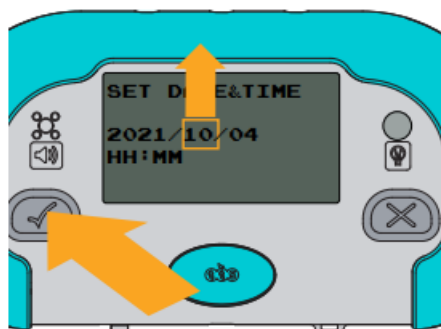

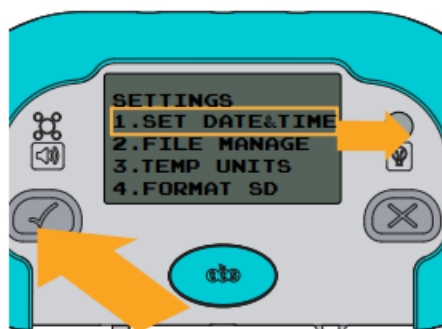

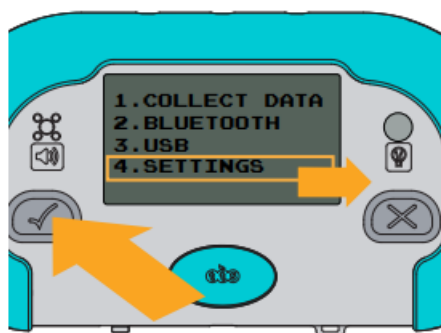

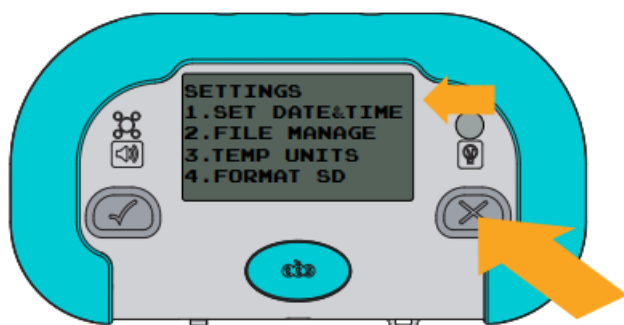

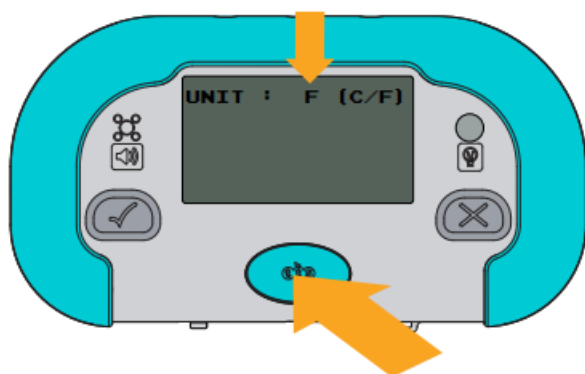

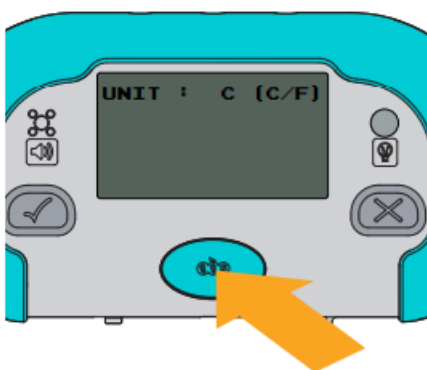

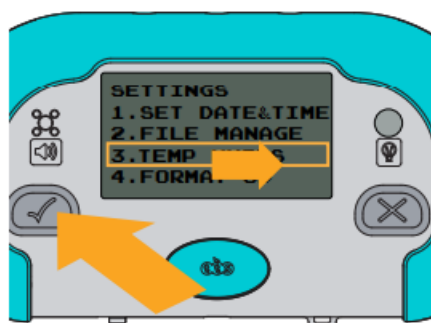

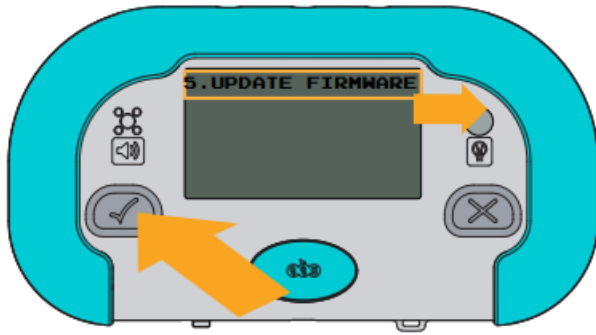

WEEE Statements

Waste Electrical and Electronics Equipment (WEEE) – When this appliance is out of use, please remove all batteries and dispose of them separately. Bring electrical appliances to the local collecting points for waste electrical and electronic equipment. Other components can be disposed of in domestic refuse.

Warning

Chargers used with the toy are to be regularly examined for damage to the cord, plug, enclosure and other parts, and that, in the event of such damage, the toy must not be used with the charger until the damage has been repaired.

Under the environment with electrostatic discharge, the toy may malfunction and require user to reset the toy. Please remove the USB cable after charging and keep away from children.

This toy contains batteries that are non-replaceable

FCC Statements

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Directive 2014/53/EU Statements

RM Resources hereby declare that this wireless device – 500193 Log-Box Data logger The full text of the EU declaration of conformity is available at the following internet address <https://www.ffs-group.co.uk/DoCs.html>

USB Statements

This toy is only to be connected to equipment bearing either of the following symbols.

Warning

For electric toys using rechargeable batteries, the batteries should be charged under adult supervision.

The full text of the EU declaration of conformity is available at the following internet address – <https://www.tts-group.co.uk/DoCs.html>
