TYPE S ML-58381 Multi-Color Micro Light Kit

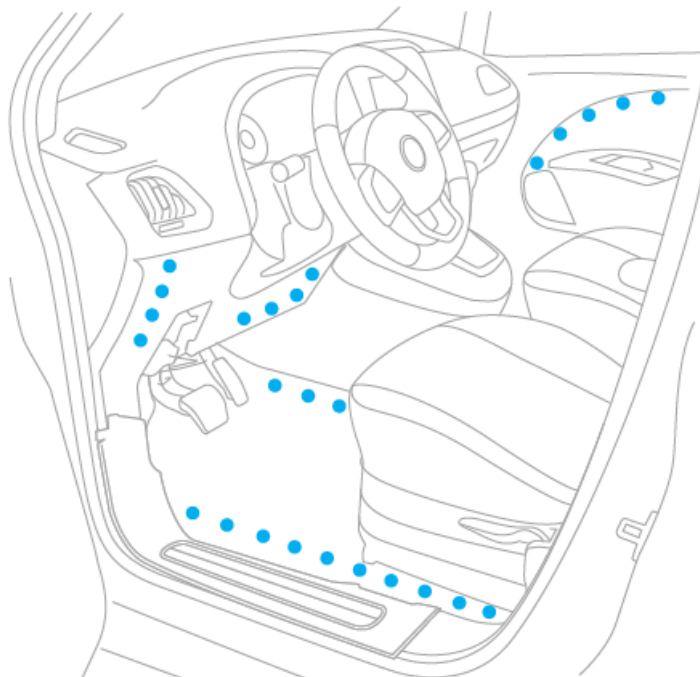

PACKAGE CONTENTS

TECHNICAL SPECIFICATION

- Working voltage:
DC 12V only
- Maximum amperage draw:
0.13A
- Watt:
2W
- LEDs:
6 x 5050 RGB

INSTALLATION

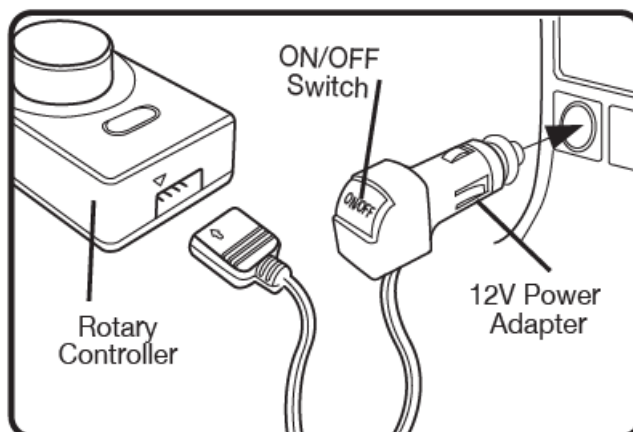

- Choose your desired location. (see suggestions above)
- Clean surface thoroughly with isopropyl alcohol.
- Peel off the 3M™ tape backer and carefully apply to the desired area.

NOTE:

For use with 12V power only. Suitable temperature for installation is 70°F (21°C) or above.

POWER

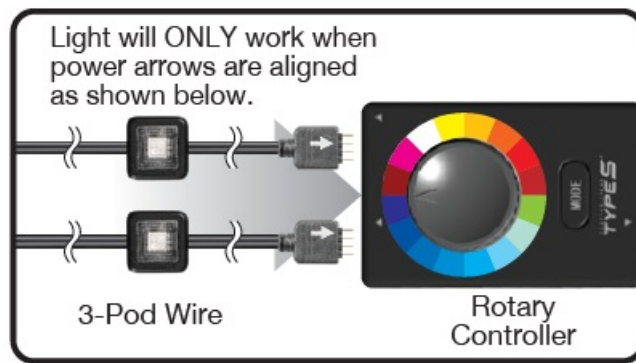

1. 12V Plug-in Power Adapter

Plug the power adapter into a power socket and connect the other end to the Rotary Controller. Use the arrow indication to match the correct direction.

2. Connecting 3-Pod Wires

1. Connect the 3-Pod Wires with the Rotary Controller as shown below.
2. Use arrow indication to match the correct direction.

OPERATION

Personalize your ride

- Turn the dial of the controller for different multi-color appearances.
- Press the MODE button to cycle through the following lighting modes: High Brightness > Low Brightness > Blink > Fade.

WARNING

IMPORTANT SAFETY INSTRUCTIONS

1. SAVE THESE INSTRUCTIONS— This manual contains important safety and operating instructions for the cigarette lighter adapter of Model LM58381.
2. Before using the cigarette lighter adapter, read all instructions and cautionary markings.
3. Do not expose the charger to rain, moisture, or snow.
4. Use of an attachment not recommended or sold by the cigarette lighter adapter manufacturer may result in a risk of fire, electric shock, or injury to persons.
5. To reduce the risk of damage to the cigarette lighter adapter and cord, pull by cigarette lighter adapter rather than cord when disconnecting charger.
6. Make sure cord is located so that it will not be stepped on, tripped over, or otherwise subjected to damage or

stress.

7. Do not operate the product with a damaged cord or cigarette lighter adapter – replace it immediately.
8. Do not operate the cigarette lighter adapter if it has received a sharp blow, been dropped, or otherwise damaged in any way; take it to a qualified serviceperson.
9. Do not disassemble the product or cigarette lighter adapter; take it to a qualified serviceperson when service or repair is required. Incorrect reassembly may result in a risk of electric shock or fire.
10. To reduce risk of electric shock, unplug cigarette lighter adapter before attempting any maintenance or cleaning. Turning off controls will not reduce this risk.

WARNING: do not install or use product if it, in any way, impairs the safe operation of your vehicle. Follow manufacturer's instructions to ensure the product is properly & safely installed. Neither the manufacturer nor the reseller can be held responsible or liable for consequential, incidental, or indirect damages to either person or property resulting from the installation or improper use of this product. Check your state or provincial laws before installing.

This product is not DOT approved and is designed for intended use only (for interior cabin). Not for use in extreme temperature such as under hood applications.

This product is intended solely for decorative purposes. Check local laws and regulations regarding installation and use. Manufacturer and seller assume no liability for improper installation or use, which are solely the responsibility of the purchaser.

WARNING: This product can expose you to chemicals including DEHP and DINP, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to
