UBIQUITI UA-Hub UniFi Access Hub Door Security Controller

Product Information

The UA-Hub-Door is a device manufactured by UBIQUITI. It is designed to meet the essential requirements and comply with the relevant provisions of Directives 2014/30/EU and 2014/35/EU. The device is in compliance with the EU declaration of conformity and detailed compliance information can be found at the following internet address: ui.com/compliance.

Manufacturer: Ubiquiti International Holding B.V.

Address: Ekkersrijt 3102, Son, Netherlands

Product Usage Instructions

1. Installation Guide:

- Ensure that the device is installed correctly and securely.
- Refer to the installation guide for detailed instructions.
- Make sure that the device is connected to the power source. The power input should be 20mm.
- Check that all necessary connections are properly made.
- Follow the provided instructions to set up the device.

2. Declaration of Conformity:

- The UA-Hub-Door complies with Directives 2014/30/EU and 2014/35/EU.
- For detailed information regarding compliance, visit the internet address mentioned above.

Safety Notices (if applicable)

1. Read, follow, and keep these instructions.
2. Heed all warnings.
3. Only use attachments/accessories specified by the manufacturer.

WARNING: Failure to provide proper ventilation may cause fire hazard. Keep at least 20 mm of clearance next to the ventilation holes for adequate airflow.

WARNING: To reduce the risk of fire or electric shock, do not expose this product to rain or moisture.

WARNING: Do not use this product in location that can be submerged by water.

WARNING: Avoid using this product during an electrical storm. There may be a remote risk of electric shock from lightning.

Electrical Safety Information (if applicable)

1. Compliance is required with respect to voltage, frequency, and current requirements indicated on the manufacturer's label. Connection to a different power source than those specified may result in improper operation, damage to the equipment, or pose a fire hazard if the limitations are not followed.
2. There are no operator serviceable parts inside this equipment. Service should be provided only by a qualified service technician.
3. This equipment is provided with a detachable power cord which has an integral safety ground wire intended for connection to a grounded safety outlet.
 - Do not substitute the power cord with one that is not the provided approved type. Never use an adapter plug to connect to a 2-wire outlet as this will defeat the continuity of the grounding wire.
 - The equipment requires the use of the ground wire as a part of the safety certification, modification or misuse can provide a shock hazard that can result in serious injury or death.
 - Contact a qualified electrician or the manufacturer if there are questions about the installation prior to connecting the equipment.
 - Protective earthing is provided by Listed AC adapter. Building installation shall provide appropriate short-circuit/backup protection.
 - Protective bonding must be installed in accordance with local national wiring rules and regulations.

Declaration of Conformity

Hereby, UBIQUITI, declares that this device, UA-Hub-Door, is in compliance with the essential requirements and other relevant provisions of Directives 2014/30/EU, 2014/35/EU. The full text of the EU declaration of conformity and detailed compliance information is available at the following internet address: ui.com/compliance
