UBITracer Mobile Application Instruction Manual

Contents

UBITracer Mobile Application

Application Installation

- **Method 1**: Visit **www.ubitracer.com/support** to find the download link for your mobile device.
- **Method 2**: Search UBITracer in Google Play or Apple App Store.

Account Registration

If you don't already have a user account with us, please use the UBITracer mobile app to create an account.

Register your device

Log into the UBITracer mobile app. Click + icon under the My Devices tab. Click 📷 or ⌨ the switch between
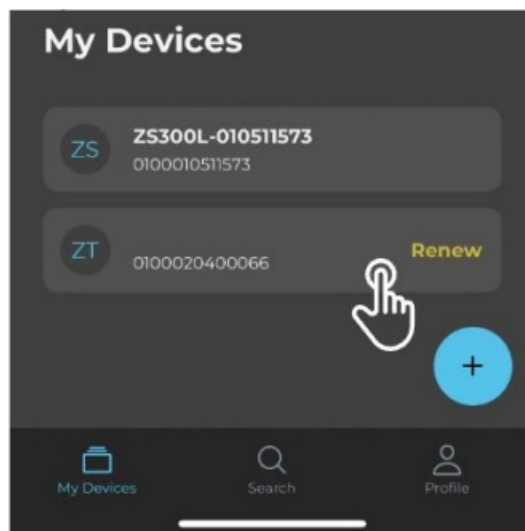

the following 2 registration methods.

- **Method 1:** Scan the QR code on the device.
- **Method 2**: Type in the SN under the bar code.

Service Plan and Payment

- Each UBITracer device requires its service plan. Register the device using the UBITracer mobile app and click the SN in your device list.
- Then follow the prompts to select an appropriate service plan and enter payment information.

Monitor and Locate

After selecting a plan, clicking the SN will bring you to the device detail page where you can view your trip, report and chart in real time. Click the time horizon window at the bottom to change timeframe.

Click the name of sensor values underneath the chart to display or hide them on the chart.
