uGo Colima TWS100 Bluetooth Wireless With Microphone

SPECIFICATION

- Driver 6 mm Neodymium
- Frequency Response 20 – 20 000 Hz
- Sound Pressure Level 90 dB
- Impedance 16
- Communication Bluetooth 5.0
- Range 10 m
- Playing time Up to 4 hours
- Batteries 50 mAh [x2] Earbuds + 400 mAh Case
- Frequency range: 2408 MHz-2474 MHz
- Maximum radio-frequency power transmitted: -9.60 dBm

INSTALLATION

1. To turn your earbuds on, take it from the case or hold their button for 3 seconds. The earbuds will pair with each other and are ready to be paired with the source device.
2. Turn on the Bluetooth function of the device you want to pair with your earbuds, and set your device to the pairing mode.
3. Select “uGo Colima TWS100” earphones from the list on your device.
4. The headset confirms the successful connection with a voice message. From now the devices automatically pair if they are in near proximity of each other and the Bluetooth mode is on.

PAIRING NEW DEVICE WITH THE EARPHONE

If your earbuds were previously paired with another source device, you need to turn off the Bluetooth function of that device. Otherwise, your earbuds will connect to that device automatically and you cannot pair it with any other device.

FUNCTION OF THE EARBUDS BUTTON

- Single Press – Pause / Receive a call
- Double Press – Next track
- Triple Press – Play the track from the beginning / Previous track
- Long Press (2 s) -Turn on the Voice assistant / Reject a call
- Very Long Press (over 3 s) – Power off

SAFETY INFORMATION

- Use as intended.
- Non-authorized repairs or disassembly voids the warranty and may damage the product.
- Dropping or hitting the device may lead to device being damaged, scratched or flawed in other way.
- Do not use the product in low and high temperatures, strong magnetic fields and damp or dusty surroundings.
- Improper usage may break the device.

GENERAL

- The safe product, conforming to the EU requirements.
- The product is made in accordance with RoHS European standard.
- The WEEE symbol (the crossed-out wheeled bin) usage indicates that this product is not a household waste. Appropriate waste management aids in avoiding consequences, which are harmful for people and environment and result from dangerous materials used in the device, as well as, improper storage and processing of such equipment. Segregated household waste collection allows recycling of materials and components of which the device was made of. In order to get detailed information about recycling of this particular product, please contact your retailer or a local authority.
