Ultra-Slim SM0000622 Bluetooth Rechargeable Keyboard

Product Information

The product is a multi-functional electronic device designed to enhance daily productivity and entertainment. It combines several features including a high-resolution touchscreen display, a powerful processor, a long-lasting battery, and a variety of connectivity options.

Main Features

- High-resolution touchscreen display for clear and vibrant visuals.
- Powerful processor for smooth performance and multitasking.
- Long-lasting battery for extended usage time.
- Multiple connectivity options including Wi-Fi, Bluetooth, and USB.
- Integrated camera for capturing photos and videos.
- Expandable storage for storing files and media.

Product Usage Instructions

Follow the steps below to start using your product:

1. Charge the device using the provided charger. Connect one end of the charger to the device's charging port and the other end to a power source.
2. Press and hold the power button until the device turns on. Follow the on-screen instructions for initial setup.
3. To navigate through the device's interface, use your finger to tap on icons or swipe across the screen. Use the provided stylus for more precise input.
4. To connect to a Wi-Fi network, go to the Settings menu and select Wi-Fi. Choose your desired network from the available options and enter the password if required.
5. To transfer files to or from the device, connect it to a computer using a USB cable. The device will appear as a removable storage device on your computer. Simply drag and drop files to transfer them.
6. Use the integrated camera to capture photos and videos. Open the camera app and follow the on-screen instructions to take pictures or record videos.
7. For extended battery life, adjust the screen brightness, disable unnecessary background apps, and enable power-saving mode in the Settings menu.

8. Refer to the user manual for more detailed instructions on specific features and functions of the product.

For any further assistance or troubleshooting, refer to the user manual or contact our customer support.

Product specifications

1. Bluetooth 3.0 interface standard
2. Operating Distance to 10 meters
3. **Modulation system**: GFSK
4. **Operation Voltage:** 3.0-4.2V
5. **Operation current**: <2.5mA
6. **Standby Current:** <0.3mA
7. **Sleeping Current:** <40uA
8. **Charging Current:** >200mA
9. **Standby Time :** >100 days
10. **Charging Time :** 3-4 hours
11. **Battery Capacity:** 150mA /420mA
12. **Uninterrupted Working Time:** 100 hours
13. **Lithium Battery Life** : 3 years
14. **Key Strength**: 80+-10g
15. **Key life:** 5million strokes
16. **Operating Temperature:** -10-+55C

Getting Started Guide
