UNGER ZoneCleanRx General Janitorial Cart System

Product Information

- The product is a cart designed for organizing and storing tools.
- The cart comes fully assembled.
- There are clips and tool holders included to attach tools to the cart.
- The cart has labeled clips with different sizes to accommodate various tools.
- If a tool is not pictured, it may not be compatible with the cart system.
- Additional tools are available for purchase separately.

Product Usage Instructions

1. Start with the fully assembled cart.
2. Scan the provided QR code to watch a video on how to assemble the cart (optional).
3. Place the SpeedClean tool into the appropriate clips on the cart. (Refer to the labeled clips for correct placement).
4. Attach the clips/tool holders to the cart using the snap mechanism. Match the labeled clips with their respective positions on the cart.
5. You can label the clips with stickers for easy identification.
6. Ensure that all tools fit securely onto the cart by following the recommended placement shown in the manual.
7. If you have purchased additional tools, attach them to the cart using the available clips and tool holders.

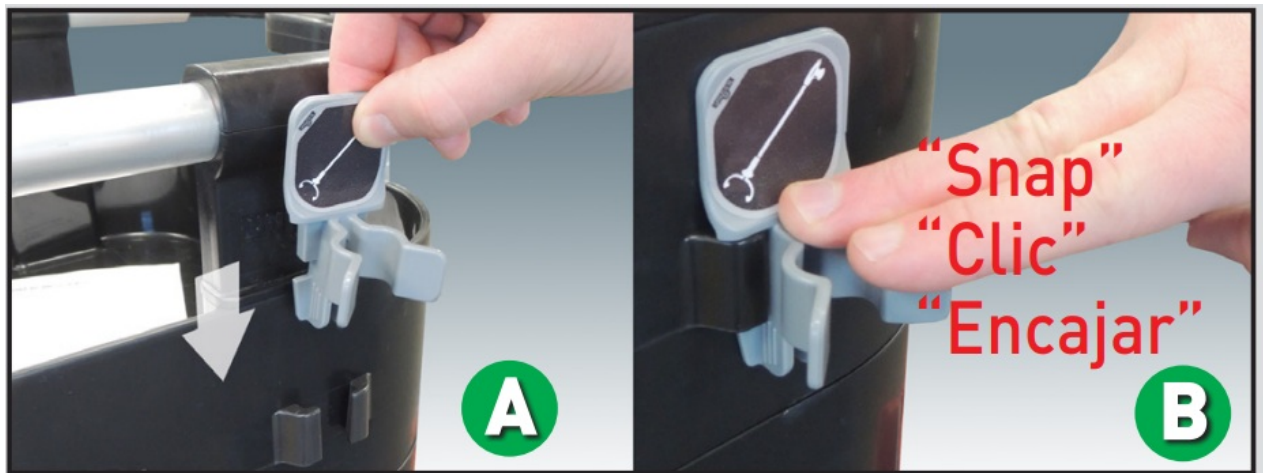

ASSEMBLY INSTRUCTION

1. **Start with Full Assembled Cart**

2. Attach Clips/Tool Holders to Cart

- See page 2 for recommended clip placement.

- Attach all Tool Holders. Be sure they “Snap” into place.

3. Place SpeedClean into clips

Attach all Tool Holders. Be sure they “Snap” into place

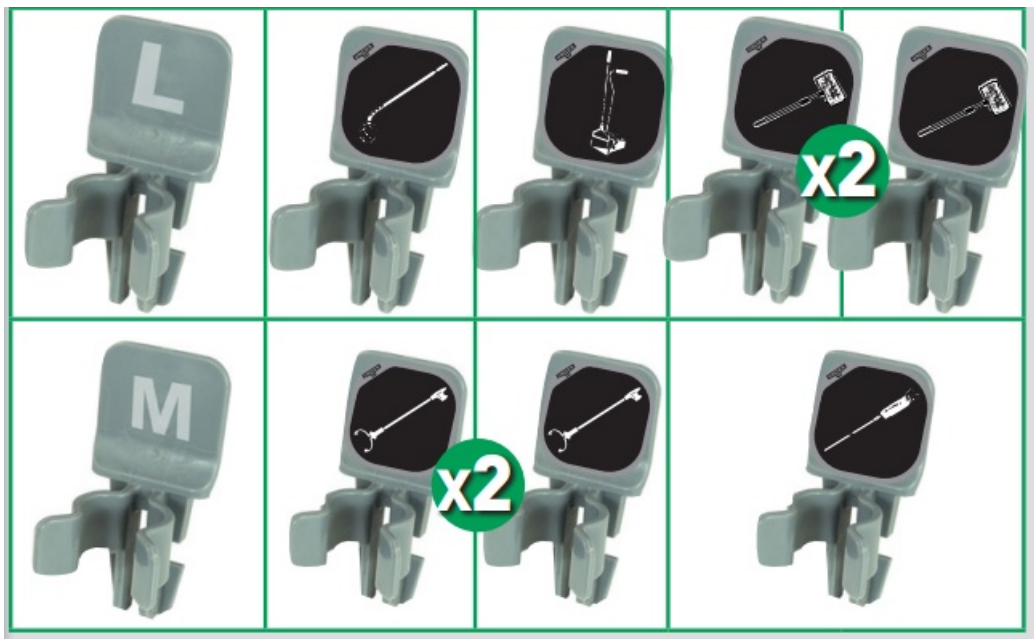

4. FINISH

CLIP SIZE

- Label clips with stickers. To ensure that all tools fit on the cart, please follow the recommended placement of each tool, as shown below.

- This is a universal sticker sheet for all Unger carts. Some clip stickers will not be utilized with the cart system you purchased.
