UNITEK uHUB Q4 Next Ultra Slim 4 in 1 USB-C Hub

Product Information

Specifications:

- **Cable Length:** 15cm
- USB-C Full-Featured Connector
- **LED Indicator:** USB-C Data (5Gbps), USB-A Data (5Gbps)

Product Overview:

The uHUB Q4 Next is an ultra-slim 4-in-1 USB-C hub that provides convenience and versatility in expanding your connectivity options. With its USB-C and USB-A ports, it supports SuperSpeed 5Gbps data transfer. The hub features a cable length of 15cm and an LED indicator to show the status of USB-C and USB-A data transfer.

Safety Notes:

Please read and follow the safety notes below to ensure proper and safe use of the product:

UNITEK assumes no liability and provides no warranty for damage resulting from improper installation/mounting, improper use of the product, or failure to observe the operating instructions and/or safety notes.

Technical Data Compatibility:

The uHUB Q4 Next is compatible with the following systems:

- Windows XP or later version
- Mac OS X or later version
- Linux

USB Specification:

The USB specification supported by the uHUB Q4 Next is USB 5Gbps.

Note:

During data transfer, it is important not to unplug the hub from the PC under any circumstance as it may result in data loss.

Service and Support:

For further support information, please visit our website at www.unitek-products.com or contact our support team via email at support@unitek-products.com.

Disposal Information:

The crossed-out trash can sign on the product indicates that it should not be disposed of with other waste. Please follow the information prepared by the local government and dispose of the product in special containers.

Product Usage Instructions**Step 1: Connect the uHUB Q4 Next to your device:**

1. Ensure that your device is powered off.
2. Locate the USB-C port on your device.
3. Insert the USB-C Full-Featured Connector of the uHUB Q4 Next into the USB-C port of your device.

Step 2: Connect additional devices:

1. Identify the USB-A ports on the uHUB Q4 Next.
2. Insert the USB cables of your additional devices into the available USB-A ports.

Step 3: Power on your device:

1. Once all devices are connected, power on your device.

Step 4: Check LED indicator:

1. Observe the LED indicator on the uHUB Q4 Next.
2. A solid LED light indicates that the USB-C and USB-A data transfer is active.

Step 5: Data transfer:

1. You can now start transferring data between your device and the connected devices through the uHUB Q4 Next.
2. Ensure not to unplug the hub from the PC during data transfer to avoid data loss.

Step 6: Disconnecting the uHUB Q4 Next:

1. Before disconnecting the uHUB Q4 Next, ensure that all data transfers are complete and your device is powered off.
2. Gently remove the USB-C Full-Featured Connector from the USB-C port of your device.
3. Disconnect the USB cables of your additional devices from the USB-A ports of the uHUB Q4 Next.

Step 7: Store the uHUB Q4 Next:

1. After use, store the uHUB Q4 Next in a safe and dry place.

2. Avoid exposing it to extreme temperatures or humidity.

FAQ (Frequently Asked Questions)

- **Q: Can I unplug the hub from the PC during data transfer?**
