UrChoice Light Up Glow Sticks

INTRODUCTION

Light up your parties with UrChoice Light Up Glow Sticks, which are made to add a bright touch to any event. These glow sticks are great for parties, shows, and other events that happen at night because they are made of strong plastic and come in many colors. There are a lot of glow sticks in each pack, so you can share them with your family and friends. These glow sticks are fun for both kids and adults because they have two modes: steady glow and flashing. The glow lasts for 6 to 8 hours after just one use, so they're great for long-term use. These glow sticks are a cheap way to make your events more fun. They only cost \$6.99. UrChoice made these glow sticks with care so that they are safe for kids three years and up and won't hurt them. With UrChoice Light Up Glow Sticks, you can light up the night and make moments that will last a lifetime.

WHAT'S IN THE BOX

- Light Up Glow Sticks
- Manual

FEATURES

- **Assorted Colors:** They come in 8 bright colors, including red, orange, yellow, green, blue, purple, pink, and deep blue. This means they can be used for a wide range of events and themes.
- **Party Favors That Can Be Used For Many Occasions:** These glow sticks make any event more fun and lively, from Halloween parties to weddings and dances.

PARTY FAVORS

- **Satisfying Sounds:** When stretched or pulled, it makes a nice popping sound that stimulates the senses and relieves stress.
- **Interactive Fun:** The glow sticks are made to be twisted, pulled back, and stretched, and they're fun for both kids and adults to touch.
- **Long-Lasting Glow:** It has high-quality LED lights that make the glow last for up to 6 to 8 hours after just one use.
- **Battery-Powered:** It runs on two AA batteries, which makes it easy to charge and keep up for long events.
- **Waterproof:** These glow sticks are made so that they won't get damaged by water, so you can use them outside even when it's raining lightly.
- **Safe:** They are made of non-toxic plastic and don't have any sharp edges, so kids 3 years and up can play with them without worry.
- Each stick is about 6 inches long, which makes them small and easy to carry, store, and handle.
- **Multiple Operation Modes:** It has both a steady glow mode and a flashing mode to make things more exciting at night.
- **Design that is light:** It only weighs 91 grams, which makes it easy to carry to parties, camping, or other outdoor activities.
- **Fun for All Ages:** Toddlers, kids, teens, and adults can all play with them, which makes them a useful party favor for all age groups.
- **Easy to Use:** It's easy to use because it has a simple on/off switch, so you can do it quickly at any event.

- **Pack Options:** They come in groups of 10 or more, which makes them a good deal for events or meetings with a lot of people.

SETUP GUIDE

- **Unpack the Glow Sticks:** Carefully take the glow sticks out of their packaging, making sure that all of the pieces are still together and ready to use.
- To put batteries in, open the power compartment at the bottom of each glow stick. Put in two AA batteries and make sure they are facing the right way according to the marks on the batteries.
- **Power On:** To use the glow stick, either flip the switch or press the button that says “Activate.” Make sure it lights up right.
- **Choose Light Mode:** Depending on the model, you can change the switch or button to switch between a steady glow mode and a flashing mode.
- **Stretch and Twist:** Twist and stretch the glow stick to make a pleasant popping sound while performing fun activities.
- **Make Light Shows:** At parties or other events at night, use several glow sticks together to make synced light shows.
- **Set up for events:** Put the glow sticks in the right places at your event, like on tables or from props.

- **Pair with Other Decorations:** To make the mood better, use glow sticks with other glow-in-the-dark decorations.
- **Give as Party Favors:** Give glow sticks to guests as fun party favors that will get them to connect and have fun.
- **Use for Games:** Bring the glow sticks into party games or activities to make the fun even better.
- **Set the mood:** Turn down the lights in the area where the event is happening so that the glow sticks can shine brightly and make everyone feel happy.
- **Watch the battery life:** Keep an eye on how the glow stick works and make sure the batteries are changed as needed for the best brightness.
- **Putting the glow sticks away before you use them:** Keep them somewhere cool and dry until you need them. This will keep the glow quality.
- **Include Kids in Setup:** Let the kids help set up the glow sticks. This will get them excited and involved before the event.
- **Safety Check:** Before the event, make sure that all of the glow sticks work properly and are safe by making sure they are not broken.

CARE & MAINTENANCE

- **Regular Cleaning:** Use a wet cloth to wipe down the glow sticks after each use to get rid of any dirt or residue and keep them clean.

- **Changing the Batteries:** If you see the glow sticks getting dim, replace the two AA batteries right away to keep them bright.
- **Avoid Overstretching:** When you play with glow sticks, don't stretch them too far. This will keep them from breaking or getting damaged.
- **How to Store It:** When not in use, keep glow sticks in a cool, dry place to keep the materials from twisting or breaking down.
- **Limit Sunlight:** Keep things out of direct sunlight when you store them to keep the colors bright and the plastic's shape.
- **Check for Damage:** Regularly look for cracks, holes, and other signs of wear and tear. Get rid of any glow sticks that are broken.
- **Maintenance for Water Resistance:** Make sure the water-resistant seals stay in place; don't submerge them in water for long amounts of time.
- **Educate About Safe Use:** To keep kids from hurting themselves or others, teach them the right way to handle glow sticks.
- **Watch Kids Play:** Keep an eye on the kids while they play to make sure they're using the glow sticks safely and correctly.
- **Proper Disposal:** If you have any broken or non-working glow sticks, throw them away in a way that follows the rules for plastic trash in your area.
- **Avoid Sharp Things:** Keep glow sticks away from things that are sharp and could poke or hurt them.
- **Keeping them in their original packaging:** To keep them safe from dust and damage, keep them in their original packaging if you can.
- **Adding Strength:** If the glow sticks' ends come loose over time, you can use tape to gently tighten the connections.
- **Limit Heat:** To keep the glow sticks from melting or deforming, don't put them near heat sources.

TROUBLESHOOTING

Issue	Possible Causes	Solutions
The glow stick does not illuminate	Batteries are dead or not installed properly	Replace with fresh AA batteries and re-install them
Glow duration is shorter than expected	Battery life is diminishing	Ensure fresh batteries are used for optimal glow
Light flickers or is inconsistent	Loose battery connection or damaged glow stick	Check battery connections and inspect for damage
Water ingress affecting performance	Not water-resistant if submerged	Use only in dry conditions; avoid submerging
Difficult to activate	Insufficient pressure applied to the activation button	Ensure firm pressure is applied to activate
Color is not as vibrant	Glow stick may be nearing the end of its life	Replace glow stick with a new one
The battery compartment is stuck	Dirt or debris in the compartment	Clean the compartment gently with a dry cloth
Packaging is damaged	Shipping or handling issues	Contact customer support for replacement
The stick is too slippery	Dirt or moisture on the surface	Clean the stick with a damp cloth
LED lights fail to work	Internal component failure	Contact customer support for troubleshooting
Modes are not switching	Malfunctioning button	Press the button firmly or replace the glow stick
Weight distribution is uneven	Improper storage	Store upright and avoid heavy objects on top

PROS & CONS

Pros:

1. Multi-color options enhance visual appeal.
2. Long glow duration of 6-8 hours for extended use.
3. Safe and non-toxic materials make them suitable for children.
4. Water-resistant design ensures durability in outdoor settings.
5. The affordable price point for budget-friendly celebrations.

Cons:

1. Requires batteries, which may need replacement.
2. Glow intensity may diminish as batteries run low.
3. Limited to the glow duration of a single activation.
4. Not suitable for use in water.
5. May require supervision for younger children.

WARRANTY

UrChoice offers a limited warranty on their Light Up Glow Sticks, covering defects in materials and workmanship for a period of 30 days from the date of purchase. To claim warranty service, customers should provide proof of purchase and contact UrChoice's customer support.

FREQUENTLY ASKED QUESTIONS

How long are the UrChoice Light Up Glow Sticks?

Each glow stick is approximately 6 inches long.

What color options are available for the UrChoice Light Up Glow Sticks?

The glow sticks come in multi-color options.

What type of light source do the UrChoice Light Up Glow Sticks use?

They use LED lights for illumination.

What battery type is required for the UrChoice Light Up Glow Sticks?

They require 2 x AA batteries.

What modes of operation do the UrChoice Light Up Glow Sticks have?

The glow sticks have steady glow and flashing modes.

What occasions are the UrChoice Light Up Glow Sticks ideal for?

They are perfect for parties, concerts, and nighttime events.

How much do the UrChoice Light Up Glow Sticks weigh?

Each glow stick weighs 91 grams.

What are the dimensions of the UrChoice Light Up Glow Sticks?

The dimensions are 5.7 x 7.5 x 2.36 inches.
