Introduction

Shoot, edit and upload on the go! USKEYVISION VLOG K1 Smartphone Vlogging kit is designed for portable studios for vloggers and content creators who want to take their smartphone filmmaking to the next level. USKEYVISION VLOG K1 Smartphone Video Microphone Kit is born for vlogging on your phones. Say goodbye to complicated, expensive filming setups. This smartphone kit effortlessly levels up your video, whether you're starting a YouTube channel, doing an interview, or off capturing your latest travels. The VLOG K1 combo is lightweight and compact, making it ideal for any on-the-go content creator. Youtubers, vloggers, journalists, livestreamers and smartphone filmmakers all love it. It's also great for anyone who just wants to improve the quality of their phone photography or videography with family and friends.

Why is it so good? This VLOG K1 kit will not only improve your video with much more stability, but also the real boost will be in your sound quality. The included UVM-V microphone significantly improves your audio recording, delivering crisp and clear audio experience, while blocking out peripheral environmental noise.

Features

Compact design

Lightweight and easy to pack – the perfect kit for the on-the-go vlogger, smartphone filmmaker, journalist, or traveller to meet the different needs.

Universal Cardioid Microphone

The built-in UVM-V directional microphone delivers high-quality audio and is compatible with all smartphones, DSLRs, tablets, audio recorders and more camera accessories at one time.

Sturdy and Durable Support

The tripod and ballhead are built from durable ABS to give your phone the support and different angles for your TikTok or livestreams.

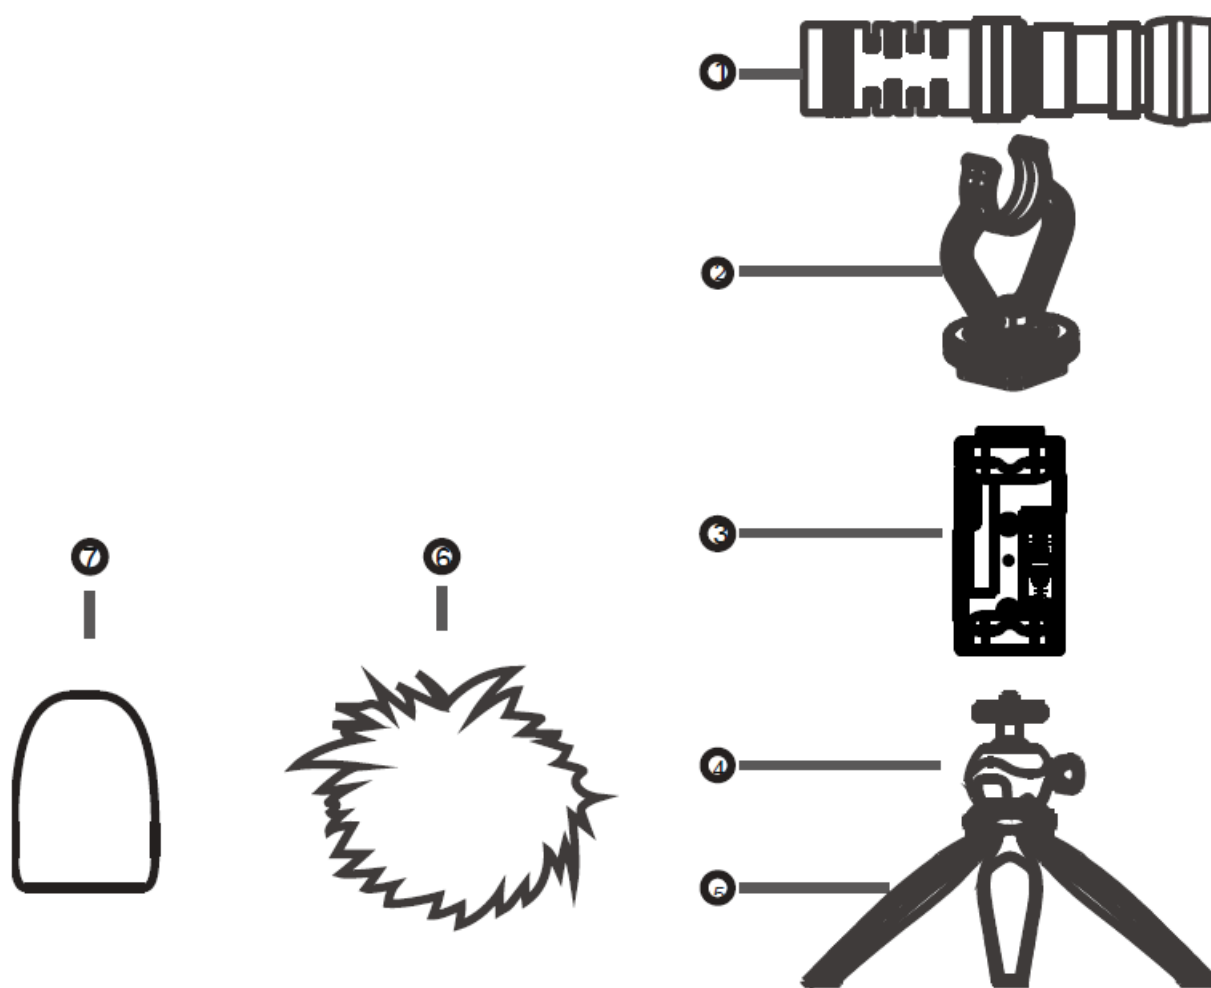

Versatile Setup

Simply attach the adjustable tripod when you need it, or remove it and go handheld when you don't. It also comes with a mini ballhead to rotate and angle your phone.

Tripod or Handle Grip

The tripod can be handheld as a grip. The tripod is built from durable ABS plastic to give your phone the support it needs when shooting videos. The tripod supports up to 5 kg, so you can use it with your DSLR, mirrorless camera as well.

- Frequency Response: 40Hz ~ 20 kHz
- Signal to Noise Ratio: 76dB
- Sensitivity :48.0dB (F = 1kHz, SPL = 1 Pa 0db = 1V/Pa)
- Maximum SPL: 110dB
- Audio Output: 3.5mm
- Dimension: Ø20.2mm × 90mm
- Weight: 48.6g
- Power Requirement:s No Battery Required

Polar Pattern

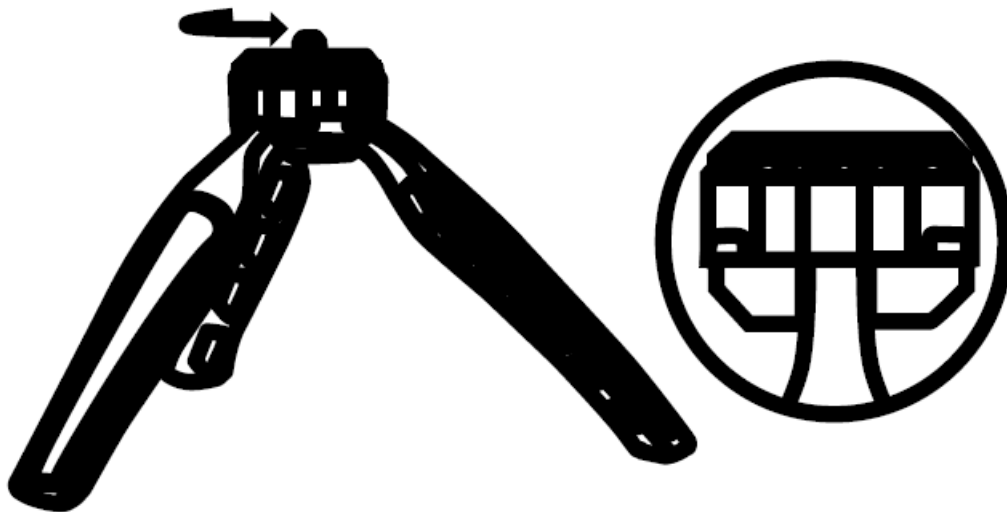

Mount the VLOG K1 Tripod

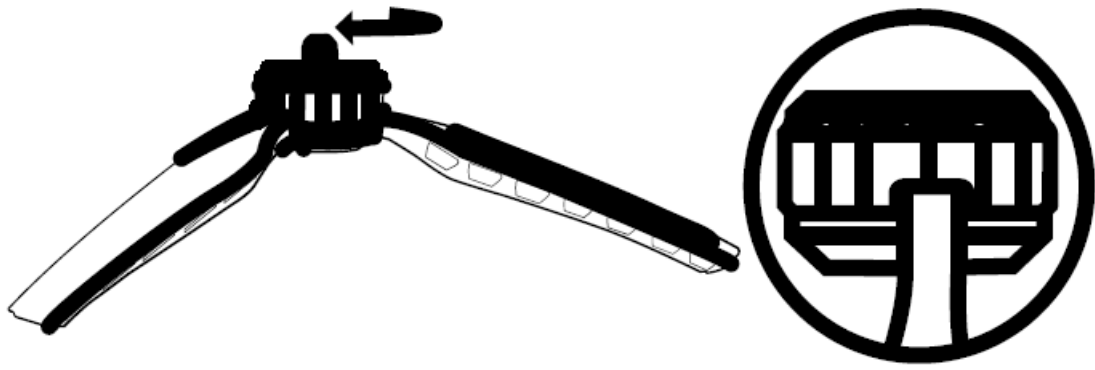

- The VLOG K1 tripod can be folded up in any direction, and before adjusting the angle of the feet, the feet must be folded up.

- Rotate the adjustment screw ring on the VLOG K1 tripod counter-clockwise to make the feet stand taller.

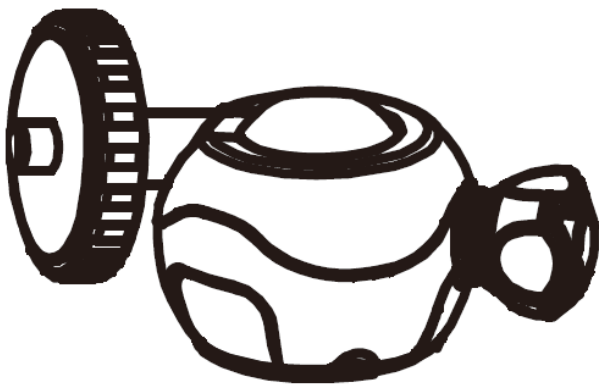

- Rotate the adjustment screw ring on the tripod clockwise to make the feet stand at a wide range to make it shorter.

Mount the VLOG K1 Tripod Ballhead

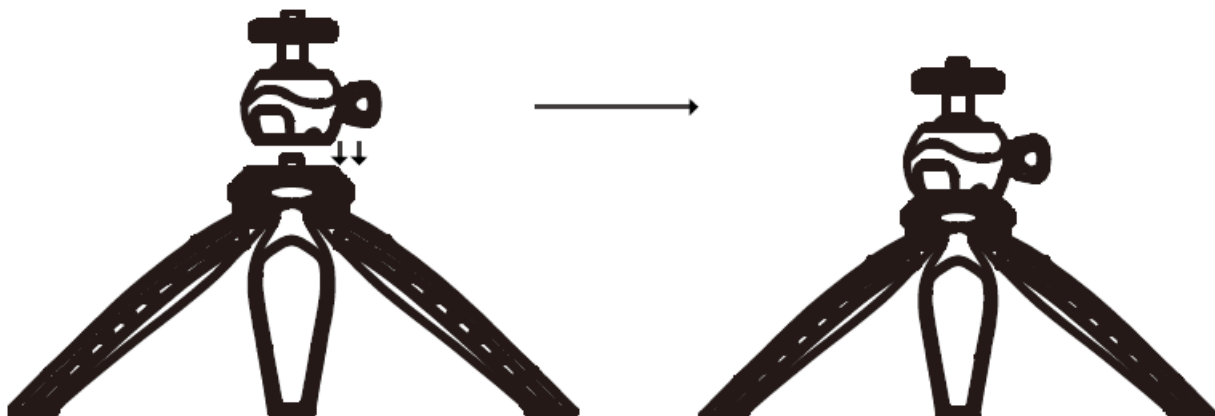

Turn the ballhead locking screw counter-clockwise, then adjust the upper part to your desired position. Turn the locking screw clockwise to tighten the ballhead.

Quick Setup Guide

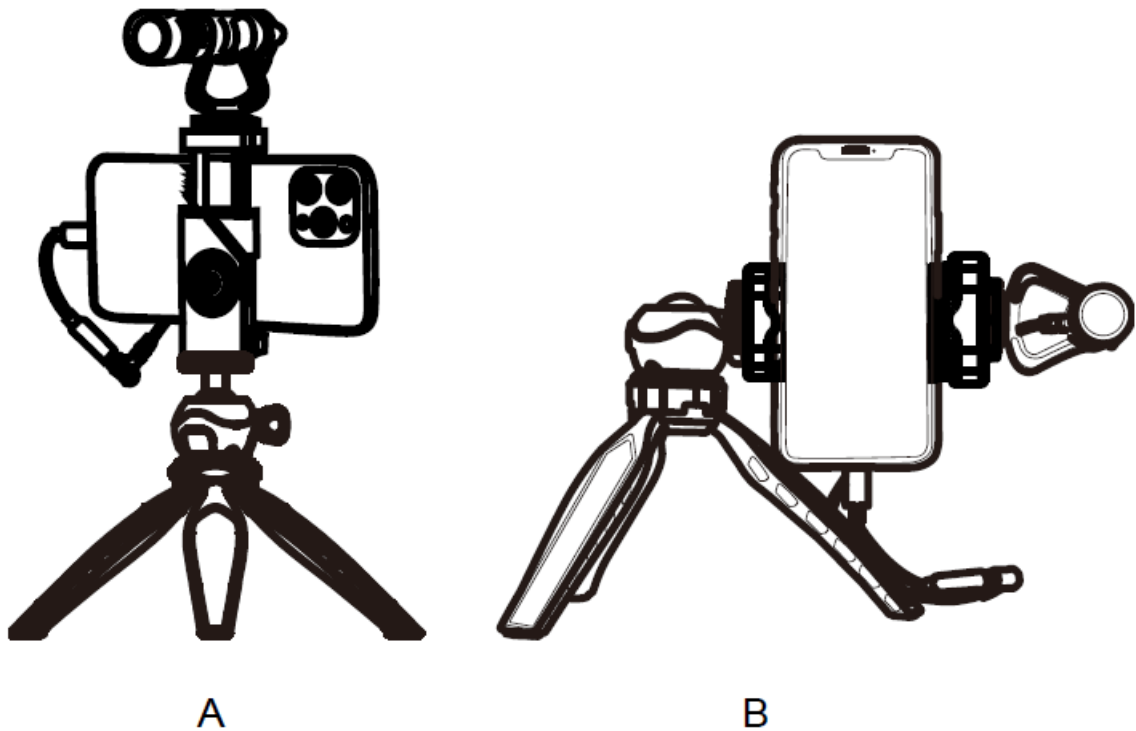

Install the ballhead on the tripod.

If you don't need to shoot at a different height, then mount the VLOG K1 tripod ballhead onto the tripod directly as shown below.

Setup A: Horizontal mode with phone mounting.

Setup B: Portrait mode with phone mounting.

Mount the UVM-V Microphone

Plug the TRRS cable into the audio jack of your smartphone. Open the audio-only mode, or video recording app, and begin recording.

Note: If your iPhone or smartphone is equipped with Type-C or Lightning, please separately purchase a certified Type-C/Lighting convert cable (not included).

Troubleshooting

If you have any problem using our USKEYVISION UVM-V microphone, please follow the following checklist. If any problem remains or you have any feedback, please contact us directly with our support team on our email address: uskeyvision@uskeyvision.com.

The microphone doesn't work.

Make sure you are using the correct audio cable. For cameras, use TRS to TRS cable. For smartphones, use the TRS to TRRS cable.

Too much of the ambient noise is picked up.

Make sure that the microphone is close and directly faces the subject. A certain amount of ambient noise is unavoidable in an extremely loud environment.

Warranty Conditions

A new product purchased in the Alza.cz sales network is guaranteed for 2 years. If you need repair or other services during the warranty period, contact the product seller directly, you must provide the original proof of purchase with the date of purchase.

The following are considered to be a conflict with the warranty conditions, for which the claimed claim may not be recognized:

- Using the product for any purpose other than that for which the product is intended or failing to follow the instructions for maintenance, operation and service of the product.
- Damage to the product by a natural disaster, the intervention of an unauthorized person or mechanically

through the fault of the buyer (e.g. during transport, cleaning by inappropriate means, etc.).

- Natural wear and aging of consumables or components during use (such as batteries, etc.).
- Exposure to adverse external influences, such as sunlight and other radiation or electromagnetic fields, fluid intrusion, object intrusion, mains overvoltage, electrostatic discharge voltage (including lightning), faulty supply or input voltage and inappropriate polarity of this voltage, chemical processes such as used power supplies, etc.
- If anyone has made modifications, modifications, alterations to the design or adaptation to change or extend the functions of the product compared to the purchased design or use of non-original components.

EU Declaration of Conformity

The product complies with the essential requirements of Directives 2014/30/EU and 2011/65/EU including amendments 2015/863/EU.

WEEE

This product must not be disposed of as normal household waste in accordance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE – 2012/19 / EU). Instead, it shall be returned to the place of purchase or handed over to a public collection point for the recyclable waste. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. Contact your local authority or the nearest collection point for further details. Improper disposal of this type of waste may result in fines in accordance with national regulations.
