ASSEMBLY STEPS

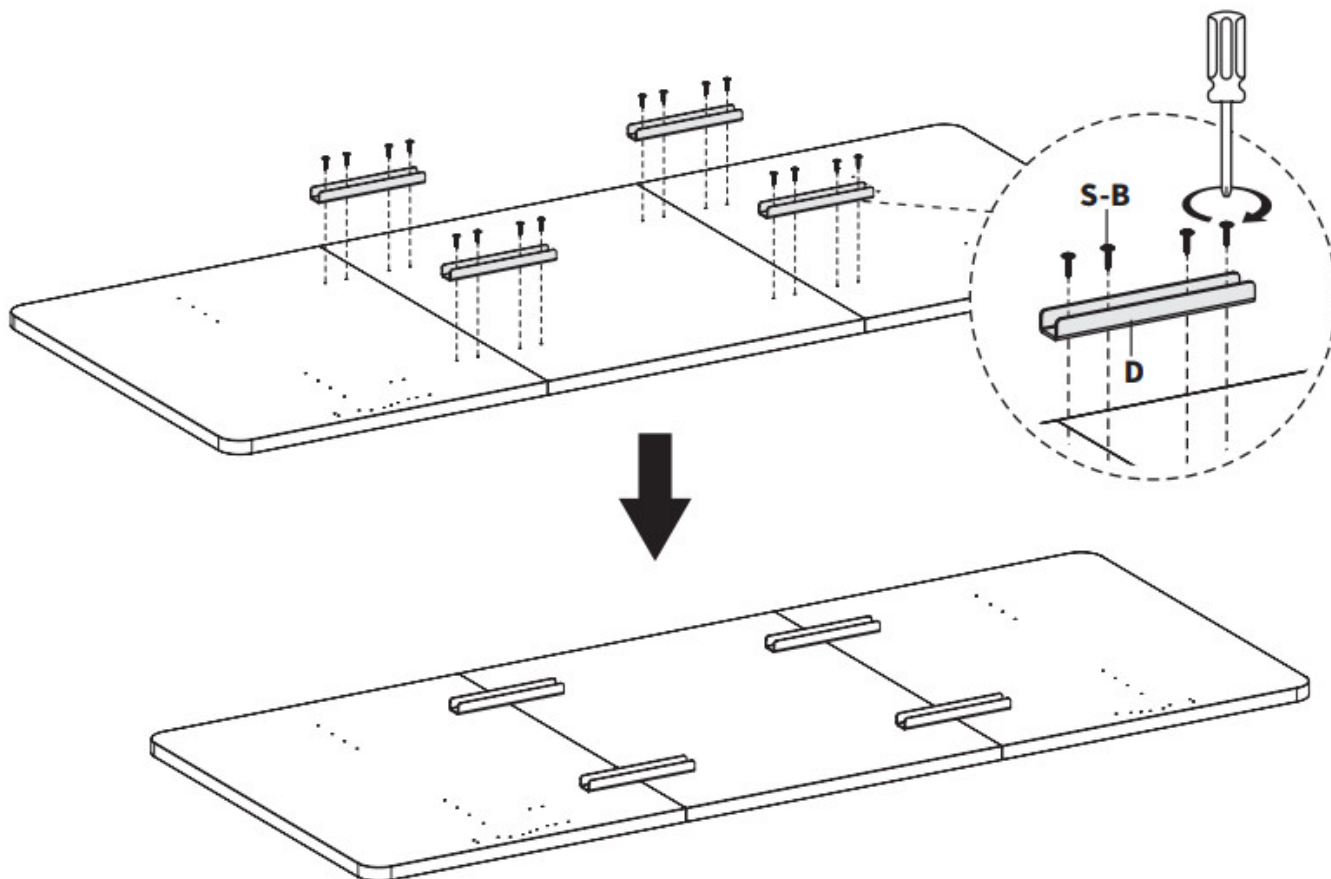

STEP 1

Place Desktop Panels (A, B, C) upside down on a protective surface and insert Wooden Dowel Pins (S-A) into Middle Panel (B). Connect Left Panel (A) and Right Panel (C) to Middle Panel (B) using Wooden Dowel Pins (S-A).

STEP 2

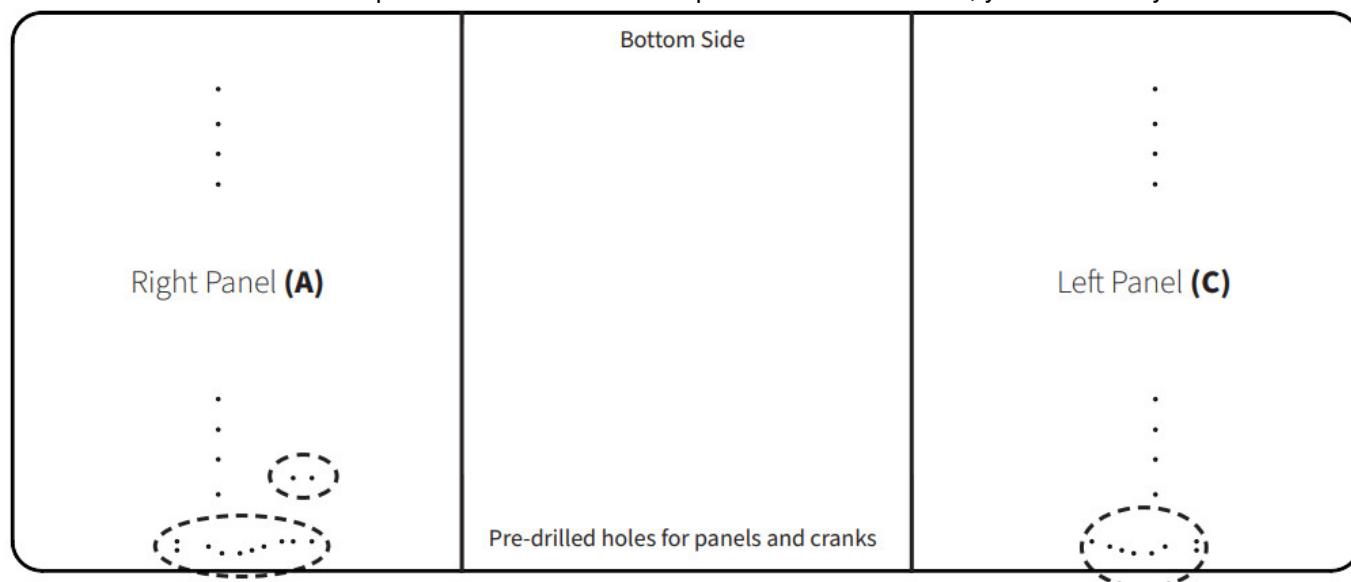

Attach Support Bars (D) to predrilled holes in desktop assembly using ST4.2x20mm Screws (S-B) and a phillips screwdriver.

STEP 3

Place desk frame upside down on the desktop assembly. Adjust frame width to match desktop mounting holes, and secure frame to desktop assembly using hardware provided in your desk frame kit. For VIVO frames, pre-drilled holes have been included for most control panels and crank handles.

NOTE: Holes for some control panels and cranks are not pre-drilled. In this case, you must drill your own.
