VCOM DH310B USB Type C Hub

Product Information

The DH310B USB-C TO 4*USB3.0 A/F HUB is a 4 in 1 USB-C hub that allows you to connect up to four USB 3.0 devices to your USB-C enabled device. It features a durable aluminum shell with nickel plated plugs for enhanced durability and reliability. The USB ports support data syncing with a transfer speed of up to 5Gbps.

Product Usage Instructions

1. Connect the DH310B USB-C TO 4*USB3.0 A/F HUB to your USB-C enabled device using the USB-C port.
2. Ensure that the hub is properly connected and recognized by your device.
3. To connect USB devices, such as USB flash drives, mobile hard drives, mice, keyboards, mobile phones, etc., plug them into the USB ports on the hub.
4. Note that certain devices like wireless network cards, wireless adapter receivers, and Bluetooth adapters may only work when directly connected to the computer's USB port. In such cases, you can use the USB HUB to connect these devices to your computer.
5. Avoid using the USB3.0 Type-A port on the hub for charging devices, as it may result in slower charging speeds. It is recommended to use dedicated charging ports for faster charging.
6. The DH310B USB-C TO 4*USB3.0 A/F HUB supports USB3.0 and is backward compatible with USB2.0/USB1.1 devices.
