VeEX FL41 Optical Fault Locator User Guide

Contents

VeEX FL41 Optical Fault Locator

The FL41 Optical Fault Locator is a device that helps to locate faults in optical fibers. It is designed and manufactured by VeEX Inc.

Getting Started Guide

If you have just received the FL41 Optical Fault Locator, please follow these steps:

1. Register your product to benefit from the warranty and technical support related to your test set. You can register your product at **https://www.veexinc.com/support/productregistration**.
   Since groups may share test sets, you should also register as a user at **https://www.veexinc.com/register**.
2. Check the warranty coverage of your product by visiting **https://www.veexinc.com/support/warranty**.
3. Download the latest versions of the product's user manuals, quick guides, application notes, specifications, etc. from the
   Resources section on the product webpage: **https://www.veexinc.com/products/fl41**.
4. If available, watch any tutorial videos, technical articles, and technology training videos on VeEX's Multimedia page: **https://www.veexinc.com/newsandevents/multimedia**.
5. If you need any technical support or assistance, contact VeEX's customer support at **https://www.veexinc.com/company/contactus**, or send an email to **CustomerCare@veexinc.com**.

Please note that VeEX does not include printed manuals with product shipments, as part of its Green Initiative. All manuals are available online.

If you have any questions about the FL41 Optical Fault Locator, please refer to the product documentation or contact VeEX's customer support.
