For more information about the product and its features, you can visit the VeEX Inc. website at <https://www.veexinc.com>.

## Product Usage Instructions

1. To install the OPX-BOXe Tool Mobile Client App on your iOS mobile device, you have two options:
  - Option 1: Go to the Apple AppStore and search for “OPX-BOXe Tool Mobile Client App”. Download and install the app from there.
  - Option 2: Visit the following URL: <https://www.veexinc.com/apps?product=Apps>.  
Scan the QR code provided on the webpage using your mobile device’s camera. This will direct you to the download and installation process.
2. Once the app is installed, launch it on your iOS mobile device.
3. Follow the on-screen instructions to set up the app and connect it to your OPX-BOXe device.
4. Use the app’s interface to remotely control and access the features of your OPX-BOXe device.

**Note:** Some features mentioned in the user manual may require paid activation or licensing. Make sure to check the availability of these features for your specific product.

## For iOS mobile devices

### Software Installation Notes:

1. Download and install the OPX-BOXe Tool (for iPad and iPhone) mobile application from the Apple® AppStore <https://apps.apple.com/by/app/opx-boxe/id1658535332>.
2. Alternatively use the QR code on <https://www.veexinc.com/apps?product=Apps> for downloading and installation.
