velleman WT33 Dcf-Controlled Clock User Manual

**WT33 Dcf-Controlled Clock
User Manual**

Contents

Introduction

To all residents of the European Union
Important environmental information about this product

This symbol on the device or the package indicates that disposal of the device after its lifecycle could harm the environment.

Do not dispose of the unit (or batteries) as unsorted municipal waste; it should be taken to a specialized company for recycling.

This device should be returned to your distributor or to a local recycling service.

Respect the local environmental rules.

If in doubt, contact your local waste disposal authorities.

Thank you for choosing Velleman! Please read the manual thoroughly before bringing this device into service. If the device was damaged in transit, don't install or use it and contact your dealer.

Operation

- **Time Setting**

  In time display, hold SET pressed for 2 seconds to enter the time setting mode. Press SET consequently to select the language, 12/24h mode, seconds, hours, minutes, year, month and date. Press once more to confirm. Press UP/CF to modify.

- **Alarm Setting**

  In time display, press MODE to select the alarm display mode. Hold SET pressed for 2 seconds to enter the alarm setting mode. Press SET consequently to select the hours and minutes. Press once more to confirm. Press UP/CF to modify. In alarm display, press UP/CF to turn the alarm on or off, press SNOOZE/LIGHT to turn on the backlight or to set the alarm in snooze mode.

- **Temperature Display**

  In time display, press UP/CF to switch the temperature display between °C and °F.

- **Summer Time**

  In time display, press DST to switch the summer time display on or off.

- **RCC Time Reception**

  In time display, hold UP/CF pressed for 2 seconds to enter the RCC time reception mode. The clock will automatically receive a time signal once every day. Note that the duration of reception depends on the signal strength. Press UP/CF to abort.
