Verbatim SCC2-CCD100 Charge Cable 100W USB-C to USB-C With LED Display

How it works

1. USB-C Connector
2. USB-C Connector
3. Display of charging in wattage

NOTE: USB-C to USB-C cables support PD 3.0 100W fast charging when paired with a charger supporting PD 3.0 100W or above. If they are used with a non-Quick Charger the output will be 5V. The max. current will be depending on the two devices that are connected. The max. current will be based on the max. current of the device with lower current. Example: Charger supports 5V/2.1 A and the device support 5V/1A, it will only be max. 5V/1A. If the charger supports 5V/2.4A and device supports QC 3.0 it will charge max. 5V2.4A. Fast charging and fast data transfer: Supports fast charging up to 100 W and data transfer at a speed of up to 480 Mbps. Do not try to exceed the recommended load 100 W manually by loading devices.

Application Notes

- The USB-C to USB-C cable is used for charging, synchronizing and transferring data.
- The cable is intended exclusively for charging and operating devices with a USB-C connection.
- Before using the cable, please always compare the technical data of the cable and the technical data of the connected peripheral devices.
- Once charging is complete, please ensure that you remove the wall charger from the socket before disconnecting the cable from the device.
- Never leave a charger and the connected cable unattended during use.

Safety Notes

Please read all the instructions in this manual carefully before using the cable and keep it in a safe place for future

reference.

- Before each use, please check whether the cable is damaged; if this is the case, do not use it under any circumstances.
- Never attempt to repair the cable yourself.
- Do not use the cable in a damp, wet environment.
- Keep the cable away from direct sunlight, fire and other heat sources to avoid fire.
- Avoid storage and use in humid, hot and very cold environments. Serious temperature fluctuations can also affect the service life.
- Take care not to use the cable near water.
- If the cable becomes damp, take it out of service immediately as there is a risk of electric shock.
- Make sure that no dirt, dust or foreign objects can get into the cable.

Care instructions

- Please use a dry cloth for cleaning.
- Do not use aggressive liquids or chemicals.
- Never immerse the cable in liquids.

Specifications

Technical data

- Interfaces:USB-C Connector (male)
- Cable length:120 cm
- Cable diameter: 5.1 mm
- Material: 5.1 mm
- Data transfer rate: Xup to 480 Mbps
- Output power : max. 100 w
- Support: PD 3.0, QC 3.0

Verbatim Limited Warranty Terms

- Verbatim warrants this product to be free from defects in material and workmanship for a period of 2 years from date of purchase.
- This warranty excludes batteries.
- If this product is found to be defective within the warranty period, it will be replaced at no cost to you.
- You may return it with your original cash register receipt to the place of purchase or contact Verbatim.
- Product replacement is your sole remedy under this warranty, and this warranty does not apply to normal wear or to damage resulting from abnormal use, misuse, abuse, neglect or accident, or to any incompatibility or poor performance due to the specific computer software or hardware used.
- VERBATIM WILL NOT BE LIABLE FOR DATA LOSS CONSEQUENTIAL OR SPECIAL DAMAGES, HOWEVER CAUSED, FOR BREACH OF WARRANTIES OR OTHERWISE.
- This warranty gives you specific legal rights and you may also have other rights which vary from state to state

or country to country.

Note

Verbatim may at any time revise the content of this user guide without further notice.

WEEE Notice

The Directive on Waste Electrical and Electronic Equipment (WEEE), which entered into force as European law on 13th February 2003, resulted in a major change in the treatment of electrical equipment at end-of-life.

The WEEE logo (shown at the left) on the product or on its box indicates that this product must not be disposed of or dumped with your other household waste.

For more information about electronic and electrical waste equipment disposal, recovery, and collection points, please contact your local municipal household waste disposal service or shop from where you purchased equipment.

Assurance of compliance

- Brand: Verbatim
- Product Category: Cable
- Product: 31848 Verbatim Sync & Charge USB-C to USB-C Cable

CE Declaration of Conformity

- The objects of the declaration are in compliance with the requirements set out in the Council Directive on the Approximation of the Laws of the Member States:

Directives

- Electromagnetic Compatibility: 2014/30/EC
- Low Voltage Protection: 2014/35/EC
- General Product safety: 2001/95/EC
- RoHS Directive: 2011/65/EC
- Annex 11: 2015/863/EC

Test standards

- EN 55032:2015+A1 :2020
- EN 55035:
- EN IEC 61000-3-2:2019 +A2:2024
- EN +AC•.2022

RoHS Compliance

The products are in compliance with Directive 2011/65/EU of the European Parliament and of the Council of 18 December 2006, on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS) and its amendments. Substances of Very High Concern (SVHC) including 241 substances contained in Candidate List of June 28th, 2024, are not present in this product range above permitted levels.

Assurance of compliance

Substance restriction

- Cadmium and its compounds (Cd) 0.01%
- Mercury and its compounds (Hg) 0.1%
- Lead and its compounds (Pb)0.1%
- Hexavalent Chromium and its compounds (Cr6+)0.1%
- Polybrominated Biphenyls (PBB)0.1%
- Polybrominated diphenyl ethers (PBDE)
- Bis (2-ethylhexyl) phthalate (DEHP)0.1%
- Benzyl butyl phthalate (BBP)0.1%
- Dibutyl phthalate(DBP)0.1%
- Diisobutyl phthalate (DIBP)0.1%
