## verizon xc46be224t Business Internet Gateway

**Verizon Business Internet Gateway**

Scan the QR code for step-by-step instructions, or go to  **[setup.verizon.com/businessinternetgateway](setup.verizon.com/businessinternetgateway)**

## Instructions

**Attach the external antennas:**

- Connect the six external antennas to the appropriate ports on the Gateway. Ensure the labels on the port match those on the antenna for Wi-Fi or 4G/5G. Please ensure the antennas are securely screwed in for optimal performance as illustrated.

**Pick a location.**

- Place your Gateway in an open area on an elevated surface near a window.

**Power on the Gateway:**

- Connect the power cord to the & port and plug the other end; into the outlet. Press the power button located on the back of the device to power on the device

**Wait for it to start up.**

- Look for the indicator lights on the top of the Gateway. When the Status, Signal and Wi-Fi indicator lights are solid white, you are connected. This may take up to 15 minutes while the lights flash white or red
**Connect to the Gateway:**

- Connect your devices using the QR code or the Wi-Fi Name and Wi-Fi Password (case sensitive) on the bottom of  the Gateway

**Support and more.**
Go to **[verizon.com/businessinternetportal](verizon.com/businessinternetportal)** to help. you

- Change Wi-Fi name and password
- Reboot Gateway(s)
- Run a speed test
- View devices connected to the Gateway

- Find general information such as IMEI, MDN, and more

**Need help?**

- For assistance, call 800.922.0204 and enter the Verizon wireless number associated with your Internet Gateway. This number is the Mobile Number from your order confirmation email or packaging slip. Alternatively, you can enter the IMEI which can; be found on the bottom of the Gateway:
- Verizon uses and contributes to Öpen Source. For information about the open source, software used in this product as well as other Verizon software, visit **verizon.com/opensource**
- For information about our privacy practices, visit **verizon.com/about/privacy**
