verizon XC46BE224T Business Internet Gateway Router

Product Information

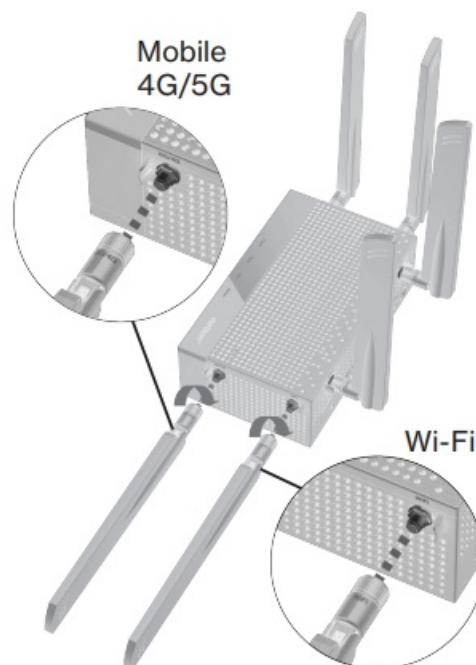

Specifications:

- Product: Gateway External Antenna Kit
- Model Number: 120300094000J
- Antenna Type: Paddle Antenna
- Compatibility: Suitable for Gateway devices

Product Usage Instructions

Connecting External Antennas:

1. **Power off the Gateway:** Ensure the Gateway is powered off and unplugged from the power outlet.
2. **Align antennas and tighten:** Connect the six antennas to their appropriate ports on the Gateway. Ensure the labels on the ports match those on the antenna labeled either WiFi or 4G/5G. Please ensure the antennas are securely hand tightened for optimal performance.

3. **Position antennas:** For the best reception, position the antennas so that they are in an upright position as illustrated. Once completed, please plug in and power on the device.

FAQs

- **Q: How many antennas are included in the kit?**

A: The kit includes six antennas.

- **Q: Can these antennas be used with any Gateway device?**

A: These antennas are designed to be used with Gateway devices for optimal performance.

- **Q: How should I position the antennas for the best reception?**

A: Position the antennas in an upright position as illustrated in the manual to ensure optimal reception.
