## ❤️ Verkada

**Safeguard Your**

**Schools with Modern**

**Physical Security**

**Contents** [ hide ]

## Overview

Verkada's cloud-based physical security platform enhances security, accelerates emergency response, and consolidates operations for schools and districts. Modernize your school security while mitigating cybersecurity risks and  protecting student privacy.

**Trusted by K-12 organizations globally**

## Protect students and staff

### Search with AI
Quickly find footage of an incident by typing everyday descriptive language into a search bar to locate specific events or altercations on campus.

### Enhance visitor security
Screen visitors upon check-in and run additional searches against sex offender registries and criminal databases.

### Run an image search
Use optional AI-enabled analytics to quickly upload a photo of a person or object and run an image search to speed up investigations.

### Restrict building access
Keep bad actors out by setting customized door schedules and restricting building access during school or after-hours.

### Deter student vaping
Receive instant SMS alerts when air quality sensors detect vape on campus. Enable optional video monitoring to aid investigations.

### Strengthen perimeter security
Mitigate the risk of after-hours break-ins and vandalism with built-in professional monitoring and video verification.

## Accelerate emergency response

### Coordinate with police
Grant user access to law enforcement agencies or stream camera footage directly to their Real-Time Crime Centers (RTCC)s.

### Grant building access remotely

Remotely grant door access to law enforcement personnel, unlocking specific doors while keeping other doors locked.

**Share live floorplans**

School administrators can share live floor plans via SMS or a direct link to reveal campus activity hotspots and assist responding officers on-site.

**Monitor school environments**

Get notified when abnormal spikes in noise, motion, or temperature are detected, signaling a potential fight.

**Initiate an instant lockdown**

Trigger a campus-wide lockdown in a matter of seconds via desktop, mobile app, or a physical panic button.

**Improve future response**

Review historical footage from real life events or past safety drills to assist school safety leaders in future emergency planning.

## Optimize campus operations

**Automate credential management**

Automatically provision supported access credentials such as EV3 fobs and badges, or auto-revoke credentials upon staff departure.

**Simplify front desk operations**

Reduce long check-in lines and automate visitor badge printing by adding returning visitors to approved guest lists.

**Track tardies and dismissals**

Track student tardiness and early dismissals with a visitor management system that integrates with SIS platforms like Clever and Class Link.

## Why Verkada?

| | |
|---|---|
|  | No NVRs or DVRs<br>– up to 365 days of onboard storage |
|  | Unlimited<br>user seats and cloud archiving |

| | |
|---|---|
| | Up to 10-year<br><br>product warranty and predictable renewal costs |
| | 24/7 technical support<br>via email, phone or live chat |
| | Cybersecurity protection<br>SSO, 2FA, and Enterprise Controlled Encryption |
| | Automatic updates to unlock features and maintain security |

**Video Security**

Record 24/7 with AI-enabled cameras that support privacy-sensitive features such as live face blur and privacy region

**Intercom**

Safeguard school entryways and grant building access remotely with a cloud-based video intercom system.

**Guest**

Streamline visitor check-ins and enable sex offender and criminal database screenings with a digital visitor management system.

**Access Control**

Automate staff credential provisioning and assign granular user permissions with cloud-based access control.

**Air Quality Sensors**

Set custom alerts for noise, vape, CO2, and other air quality indicators to detect potential health hazards on campus.

**Mailroom**

Optimize delivery management by tracking package drop-offs with a simple mobile scan and auto-notifying recipients upon delivery.

**Alarms**

Deter trespassing and break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

**Connectivity**

Easily deploy Verkada devices with gateways in hard-to-wire locations like parking lots,

gates, fields, and stadiums.

**Viewing Station**

Stream up to 300 live camera feeds into one centralized location and gain instant visibility across your campus or district.
