**ViABECS CAN008-X Harness with Simple Soft Canbus Box**

### Harness with Simple Soft Canbus Box

1. Check if your vehicle's factory radio matches the provided picture below.
2. Connect the cable plug that matches your car's head unit.

**Note:** Not all plugs need to be connected. Please note that some factory features may be lost if the factory radio is removed, such as a CD player.

### Model A

Support factory SWC, Bose AMP, Backup Camera or 360 Camera, USB, A/C info

## Model B

Support factory SWC, Bose AMP, Backup Camera or 360 Camera, USB, A/C info

## Model C

Support factory SWC, Bose AMP, Backup Camera or 360 Camera, USB, A/C info

Temperature A/C Control Amplifier

Keep the factory temperature A/C Control Amplifier and install it back. Then connect it to the original harness. Afterward, the factory A/C will display on our head unit. CAN008-X Harness comes with a Simple Soft Canbus box,

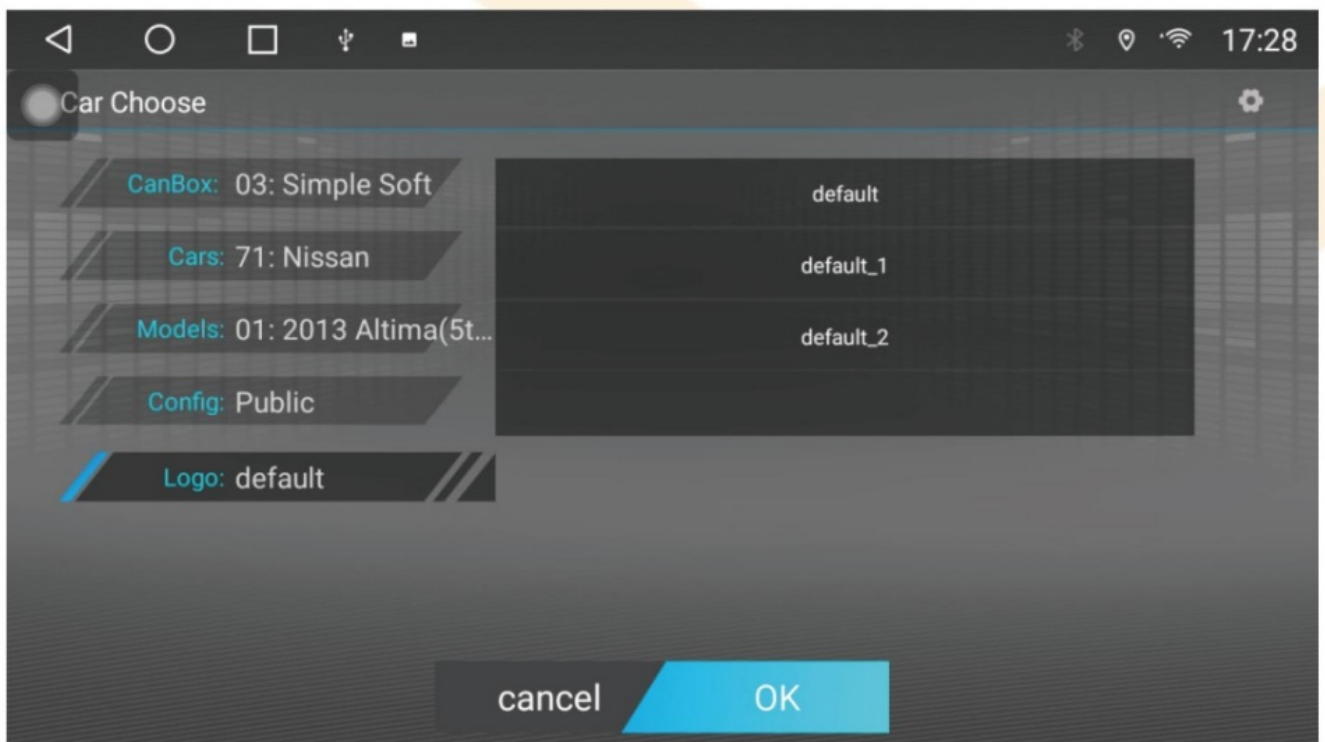

**Note:** Please set up the canbus option after you finish the canbus harness. You can contact your radio seller to get the correct canbus option.

- Correct Canbus Option: 03: Simple Soft – 71: Nissan – 01: 2013 Altima – Public
