VICTRIX Pro BFG Wireless Controller

2-YEAR LIMITED MANUFACTURER'S WARRANTY

Coverage and Term

Victrix warrants that this product will be free from manufacturing defects for two years from the original date of purchase. Manufacturing defects are those defects in materials and/or workmanship, subject to final determination by Victrix's customer service department. This warranty applies only to original purchasers with a valid proof of purchase from an authorized Victrix retailer that clearly shows the date of purchase.

Exclusive Remedy and Exclusions

The exclusive remedy for valid claims will be the repair, replacement or refund of the product. This warranty does not cover defects caused by accidents, improper or abusive use of the product, unauthorized or improper modifications, repairs, or handling.

Exclusive Remedy and Exclusions

The exclusive remedy for valid claims will be the repair, replacement or refund of the product. This warranty does not cover defects caused by accidents, improper or abusive use of the product, unauthorized or improper modifications, repairs, or handling.

How to Get Service

Purchasers with product issues should contact the Victrix customer service department at 1-800-331-3844 (US and Canada only), Monday to Friday from 8 AM to 6 PM PST. International Customers can contact us by phone at +442036957905. You can always reach us, 24/7, by visiting victrixpro.com/support-victrix to open a support ticket. Inquiries are typically answered within twenty-four business hours.

Your Rights Under Applicable Law

This warranty does not affect the legal rights of customers under applicable state, provincial or national laws governing the sale of consumer goods.

Additional Information for Australian Consumers

Victrix products come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The benefits given to you under our express warranty are in addition to other rights and remedies you have under the Australian Consumer Law and other laws.

CLASS B EQUIPMENT

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party

responsible for compliance could void your authority to operate the equipment.

CAN ICES-3 (B)/ NMB-3 (B)

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada,. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotopically radiated power (e.i.r.p.) is not more than that necessary for successful communication. This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

WARNING BATTERY LEAKAGE

This product contains a rechargeable lithium-ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause persona injury as well as damage to your product. If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose the battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair, or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

EU RED STATEMENT FOR WIRELESS PRODUCT

Hereby, Performance Designed Products, declares that this device is in Compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. The declaration of conformity may be consulted at www.pdp.com/en/sitemap. There are no restrictions of use. 2.4GHz Band, max. radio power less than 6dBm.
