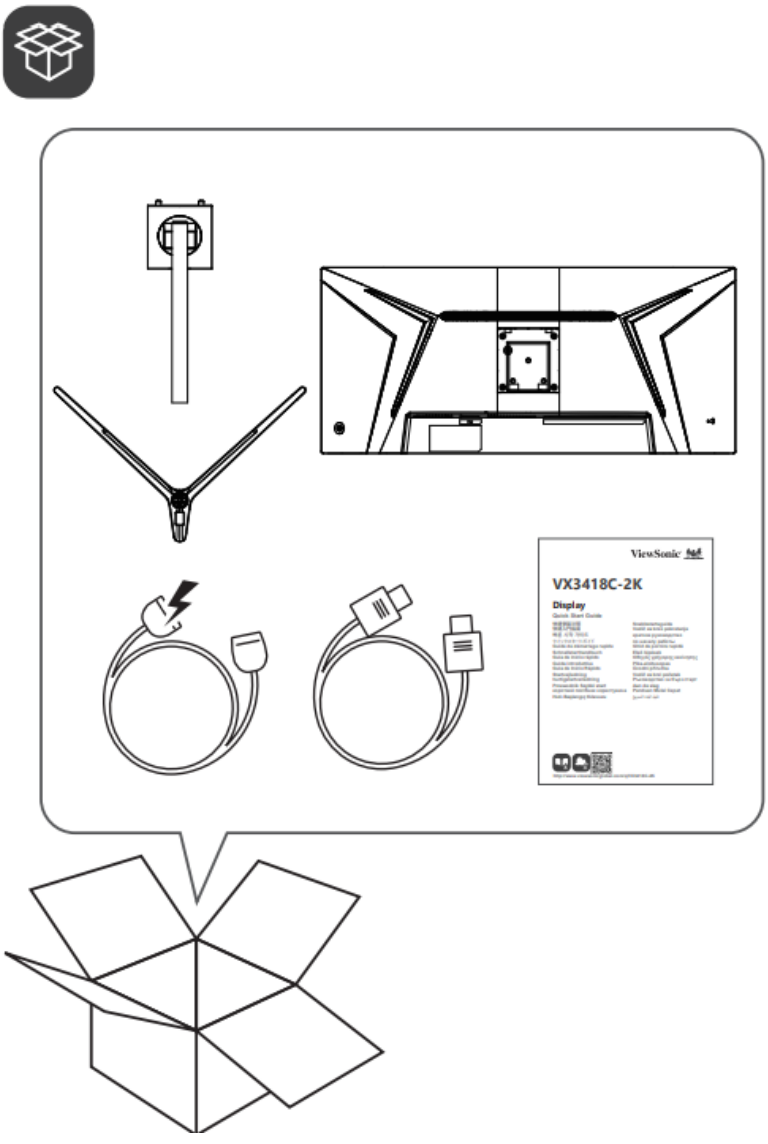
Product Information

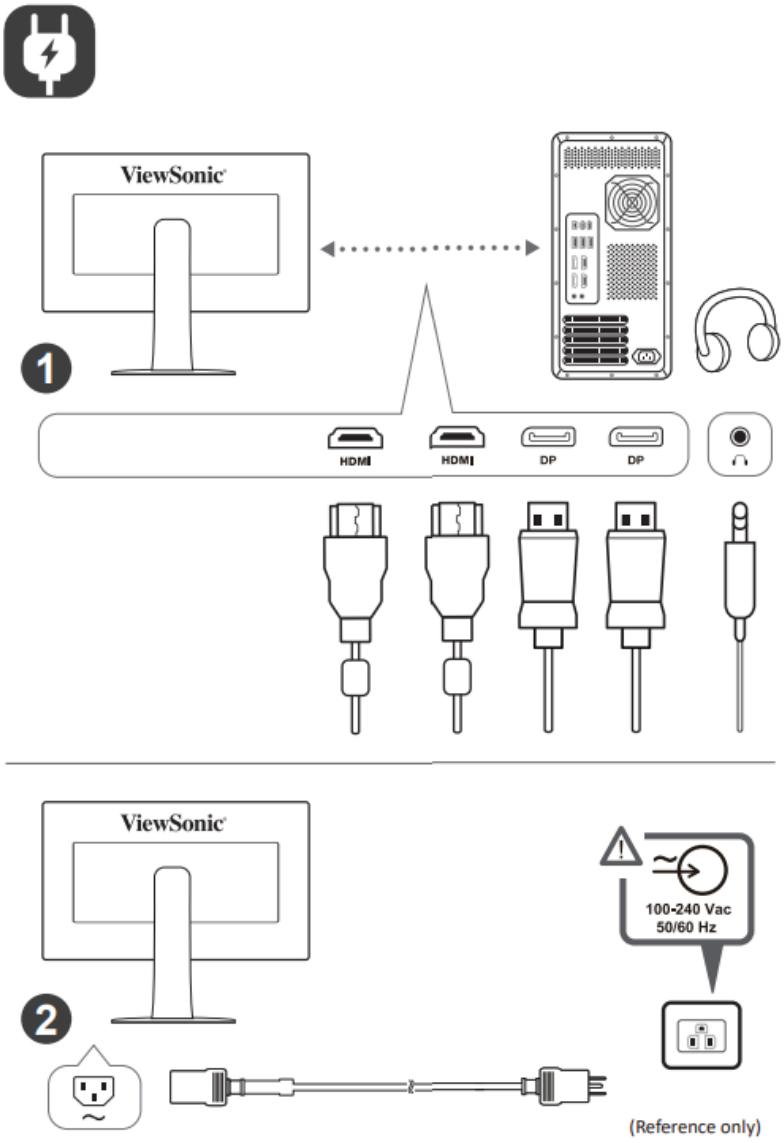
The ViewSonic VX3418C-2K is a high-resolution LED monitor with a 34-inch curved display. It offers a wide viewing angle and vibrant colors, making it ideal for multimedia and gaming.

WHAT IS IN THE BOX



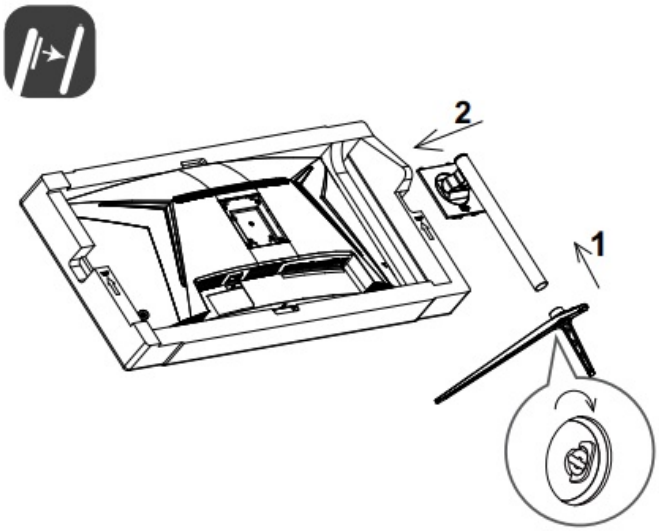
Connecting to External Devices

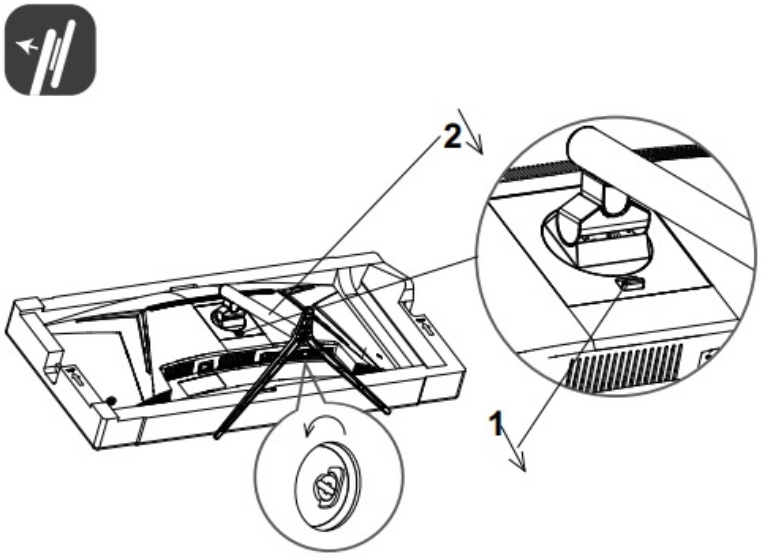
When connecting the display to an external device (PC, etc.), use the included video cable and accessories following the instructions in the manual.



VESA Wall Mount

This monitor is compatible with a 100mm x 100mm VESA-certified wall mount. Use M4 x 10mm screws for installation following the wall mount installation guide in the user manual.





Depending on the country or region, the Limited Warranty may or may not be included in the packaging. If the Limited Warranty is not included in the packaging, it can be found on the ViewSonic website.

- When connecting the display to an external device (PC, etc.), please use the included video cable and accessories and follow the instructions in this manual.
- The standard of the included power accessory and video cable may differ depending on your country, region, or environment. For details on the included items, please refer to our product page and user guide.
- This monitor can be used with a 100 mm x 100 mm VESA compatible, UL certified wall mount (M4 x 10 mm screws x 4).
- Please follow the wall mount installation guide in the user manual when installing.
- Please contact our Customer Support Center for inquiries about the product.
- ViewSonic shall not be liable for technical or editorial errors or omissions contained

herein

FCC Compliance Statement

This device complies with part 15 of FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Industry Canada ICES-003 Compliance: CAN ICES (B) / NMB (B)

CE Conformity for European Countries

The device complies with the EMC Directive 2014/30/EU and Low Voltage Directive 2014/35/EU.

Declaration of RoHS2 Compliance

This product has been designed and manufactured in compliance with Directive 2011/65/EU of the European
Parliament and the Council on restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS2 Directive) and is deemed to comply with the maximum concentration values issued by the European Technical Adaptation Committee (TAC).
