20215.L 2P+E 5 A 250 V SICURY Socket

EIKON	ARKE'	PLANA
20215.L 20215	19215.L 19215	14215.L 14215

2P+E 5 A 250 V~ SICURY socket outlet, English standard with 2P 1-way switch, complete with frame for installation in British standard square mounting boxes, to be completed with 3-module British standard cover plate.

Eikon 20215.L – Arké 19215.L – Plana 14215.L: indicator unit supplied.

Eikon 20215 – Arké 19215 – Plana 14215: indicator unit not supplied.

To replace or insert the indicator unit (00930), proceed as illustrated in figures 3, 4, 5, 6 and 7.

- Fixing screws in the vertical: fig. 1
- Fixing screws in the horizontal: fig. 2

Each terminal is suitable for rigid or flexible conductors (3×2,5 mm², 3×4 mm², 2×6 mm²).
Suitable for BS4662 1-GANG MOUNTING BOX with 25 mm depth.

INSTALLATION RULES.

- Installation should be carried out by qualified personnel in compliance with the current regulations regarding the installation of electrical equipment in the country where the products are installed.
- Disconnect the mains acting on the main switch before operating on the system (fig. 3).

CONFORMITY

RoHS Directive. Standards BS 546, EN 50581.

REACH (EU) Regulation no. 1907/2006 – Art.33. The product may contain traces of lead.

WEEE – Information for users

If the crossed-out bin symbol appears on the equipment or packaging, this means the product must not be included with other general waste at the end of its working life. The user must take the worn product to a sorted waste center, or return it to the retailer when purchasing a new one. Products for disposal can be consigned free of charge (without any new purchase obligation) to retailers with a sales area of at least 400 m², if they measure less than 25 cm. An efficient sorted waste collection for the environmentally friendly disposal of the used device, or its subsequent recycling, helps avoid the potential negative effects on the environment and people's health, and encourages the re-use and/or recycling of the construction materials.
