Important – Read carefully – Save for future use

IKEA of Sweden, Box 702, S-343 81 Älmhult A compressed product assumes its proper shape and volume within 3-4 days. The material has a distinctive smell that may linger after unpacking. Airing the product will help to eliminate the smell.

Care instruction

The cover is machine washable. It is easier to re-fit the cover again if you fold the mattress in the middle.

Advice when drying

Dry without the use of a heat source (e.g. hairdryer or radiator).

Child-safe zip

The zip fastener has no tab. This is to prevent children from opening the cover, damaging the mattresses, and putting the contents in their mouths. Open and close the zip fastener by pushing, for example, a paper clip through the loop on the slide. Important! Make sure you always remove the paper clip afterwards.
