	 <p>Recommended</p>
	 <p>NOT Recommended</p>

WARNINGS AND PRECAUTIONS

1. Do not look directly into the projector light.
2. Don't touch the projector lens.
3. Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.
4. Changes or modified to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
5. Use of this unit near fluorescent lighting may cause interference regarding use of the remote. If the unit is displaying erratic behavior move away from any fluorescent lighting, as it may be the cause.
6. Shock hazard – Please do not dismantle the projector without permission.
7. To reduce the risk of fire or electric shock, do not expose this apparatus to rain, moisture, dripping, or splashing.
8. Objects fill with liquids, such as vases, shall not be placed on the apparatus.

TROUBLESHOOTING

1. **Blurry Image**

- a. Adjust focus ring or keystone.
- b. Projector and screen/wall must be in effective distance.

2. **Remote Control Unresponsive**

- a. Make sure remote control points at IR receiver directly.
- b. Do not cover IR receiver window.
- c. Check the battery.

3. **USB Unrecognized**

- a. Make sure your USB stick is not over 64GB.

4. **No Sound**

- a. Turn off Dolby Audio in your device.
- b. If a movie's audio number is "ac3" (Dolby Digital), then the sound may not be played (this kind of movie is very rare).

5. **The projector can't screen mirroring?**

- a. Firstly, please kindly check whether the projector selects the Screen Mirroring input source and whether the device is connected to the projector WiFi.
- b. Please make sure the device and projector connect to the same WiFi if the projector features WiFi function.
- c. Please unplug the power and re-apply it again if the Screen Mirroring input source is selected and the WiFi is connected while the projector still can't screen mirroring.
- d. Please reset the projector if it still can't work after unplugging the power.
- e. Please feel free to contact us.

NOTICE

Without the prior written permission of Oley Company Limited or its subsidiaries (the "Company"), no part of this Manual shall be used in any form or by any method, including copying, transmitting, translating, storing in a retrieval system or translating into any text or computer language by electronic, mechanical, optical, chemical, handwritten or any such method.

If the user or a third party suffers any damage, loss, cost or expense as a result of accident, improper use, or violation of the operating procedures of the machine, or any modification, overhaul without authorization, or replacement of the product in any form, or failure to strictly follow this Manual or the operating and maintenance manual provided by the Company during operation and maintenance, the Company shall not be held liable.

To the maximum extent permitted by law, this Manual and the Product described (including its hardware, software, firmware, etc.) are provided "as is", which may have some defects or errors.

The Company provides no warranty of any kind, express or implied, including but not limited to merchantability, quality satisfaction, fitness for a particular purpose, nor shall it indemnify any special, incidental, accidental or consequential damages arising from the use of this Manual or the Product, including but not limited to loss of business profit, system failure, loss of data or documents.

The description and images involved in this Manual may differ from actual products, please refer to actual products. Due to product version upgrade or other needs, the Company reserves the right to update this Manual at any time.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
