3. RJ45 (Ethernet)
4. HDMI IN
5. HDMI OUT
6. RS232
7. Port Type-C
8. AUDIO IN
9. AUDIO OUT
10. RESET
11. DC Jack

SETTING UP Main Unit

Hardware Installation

Antenna: Attach Antenna to Antenna Connector.

HDMI: Connect HDMI cable to a LCD monitor or projector HDMI connector.

Power Input

5VDC Jack: Connect to the USB power adapter with the supplied USB cable.

Configuring network connection

There are two network connections, Ethernet and WiFi.

- Ethernet

Use a RJ45 cable to connect the main unit to your network, typically your Intranet.

- WiFi

Two options are available.

- WiFi Hotspot

- Regular WiFi

* To configure, bring up the Settings menu on the device and then follow the on-screen instructions.

Screen mirroring

To mirror content to the screen, Novo Connect offers three options:

1. Mirror with software / App
2. Mirror with native mirroring capability of your mobile devices (Miracast, AirPlay, & Google Cast)

Novo Connect Software

Visit www.vivitekcorp.com and install the Novo Connect Software on your PC/Mac

<http://www.vivitekcorp.com/>

Mirroring with Novo Connect software

Free software is available for Windows, MacOS, iOS and Android devices.

1. Download and install the Novo Connect software.

- Tablets/phones/Chromebooks: Download Novo Connect App from Apple's App Store or Google's Play Store

- Windows/Mac computers: Download Novo Connect software from Novo Connect website

www.vivitekcorp.com

2. Connect your computer or mobile device to the same network as the main unit.
3. Run the Novo Connect software, then you can connect to the main unit via one of the following methods.
 - Meeting ID
 - IP address
 - QR-code scan
 - Nearby Devices

Mirroring with native mirroring

NC-X500 supports the following native mirroring:

- AirPlay – iPhones, iPads, & Mac computers
- Miracast – Windows 10 computers and some Android devices
- Google Cast – Most Android devices

1. Connect your mobile device to the same WiFi network as the main unit.

2. Depending on your device, the steps to start mirroring slightly vary.
 - For iPhones, iPad, and Mac computers, bring up the AirPlay menu
 - For Windows 10 computers, bring up its “Connect” or “Connect to a wireless display” menu
 - For Android devices, this feature is generally referred to as “Screen Cast”, “Screen Mirroring”, or “Google Cast”, etc.

Once you see the main unit in the device list, tap or click to connect.

ADDITIONAL INFORMATION
