MOUSE BUTTON FUNCTIONS

DPI Switch
To toggle the mouse's sensitivity settings between 800, 1200 or 1600 DPI, simply press and hold the Left Mouse Button and the Right Mouse Button at the same time for three (3) seconds. The mouse is set to 800 DPI by default. Higher DPI makes the mouse more sensitive for higher accuracy applications.

SAFETY PRECAUTIONS

- The product should only be used with the parts provided by the manufacturer.
- This product is intended for indoor use only.
- The Cobalt Series Wireless Set is intended for personal use only.
- Commercial use invalidates the warranty and the supplier cannot be held responsible for injury or damage caused when using the device for any other purpose than that which it was intended for.
- This is not intended for use by children, or persons with reduced physical, sensory or mental capabilities, or

lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the device by a person responsible for their safety. Extreme caution must be exercised.

- Children should be supervised to ensure that they do not play with the Cobalt Series Wireless Set.
- Packaging must never be left within reach of children, since it is potentially dangerous.

CLEANING & CARE INSTRUCTIONS

Before Cleaning:
Ensure that your Cobalt Series Wireless Set is not plugged into any device before cleaning or maintaining it. Remove the batteries before cleaning.
Cleaning:
Wipe down the surface of your Cobalt Series Wireless Set using a soft, slightly damp cloth. Do not use any harsh or abrasive cleaning chemicals or materials on your Cobalt Series Wireless Set as doing so may damage or scratch the surface finish. Do not expose your Cobalt Series Wireless Set to high temperatures for extended periods of time. Do not store in temperatures over 140°F (60°C).

ENVIRONMENTALLY FRIENDLY DISPOSAL

Do not dispose of electrical appliances as unsorted municipal waste, use separate collection facilities. Contact your local government for information regarding the collection systems available. If electrical appliances are disposed of in landfills or dumps, hazardous substances can leak into the groundwater and get into the food chain, damaging your health and well being.
